## Fiscal Year 2016 Annual Operating Budget October 1, 2015 - September 30, 2016

---

I. This budget will raise more revenue from property taxes than last year's budget by an amount of \$299,000 which is a 0.65% increase from last year's budget. The property tax revenue to be raised from new property added to the tax roll this year is \$299,000.

II. The record vote adopting the FY 2016 Budget:  
For: Becky Ames, Mayor; Mike Getz, Mayor Pro-Tem/Ward II; W. L. Pate, Jr., At Large; Gethrel Williams-Wright, At Large; Claude Guidroz, Ward I; Audwin M. Samuel, Ward III; Robin Mouton, Ward IV

Against: None

Absent: None

III. Tax Rates:

Type of Tax Rate	2014 Tax Rates Per \$100	2015 Tax Rates Per \$100
Adopted	\$ 0.690000	\$ 0.690000
Effective	0.687249	0.690779
Effective Maintenance & Operations	0.659377	0.653725
Rollback	0.932127	0.916023
Debt	0.220000	0.210000

IV. Total Amount of City Debt Obligations Secured by Property Taxes: \$225,800,000

The above information is provided, pursuant to Local Government Code Section 102.007.

## Mission

*To provide quality services  
in a professional manner*

August 11, 2015

To the Honorable Mayor and City Council:

Presented for your consideration is the Fiscal Year 2016 Annual Operating Budget for the City of Beaumont, Texas. The proposed budget meets all legal requirements of the Civil Statutes of Texas and the Charter of the City of Beaumont.

The Budget provides for planned expenditures for all operating funds totaling \$254.3 million.

Highlights of the major operating funds follow:

### **GENERAL FUND**

In Fiscal Year 2015, the Administration increased efforts citywide to decrease expenses due to minimal revenue growth. The main objectives were to eliminate positions through attrition, sell underutilized assets, and streamline operations to be more efficient.

The Administration added one position to the budget while eliminating 20 positions that have resulted in annual savings of \$1.6 million across the entire budget. The General Fund's portion of annual savings is \$1.0 million. The goal was to eliminate vacant positions that would have the least impact on the public. Vacant positions citywide are reviewed on a weekly basis and we will continue to downsize the organization where possible.

The City has been successful in selling vacant buildings and underutilized properties. We have sold the former Hotel Beaumont property, the J.P. Richardson building, and a vacant tract of land across the street from the Amtrak Station. As a result of these efforts, the City has deposited \$1.3 million in the Capital Reserve fund for equipment and vehicle purchases and facility

improvements without having to transfer funds in FY 2016 for these purposes from the General Fund. The Administration will continue to sell underutilized assets when opportunities present themselves.

The proposed 2016 General Fund Budget utilizes \$1.2 million of fund balance. The beginning fund balance is projected at \$27.9 million which is \$1.46 million more than the beginning balance included in the FY 2015 budget.

Sales and Use Taxes are the largest source of revenue in the General Fund. ExxonMobil overpaid sales taxes to the City from 2004 through 2010 that resulted in the State of Texas Comptroller's Office deducting \$1.0 million from the City's sales tax revenue in FY 2015. We are projecting that sales tax revenue will increase 1.75% in 2016 from what we would have received in 2015 without the audit correction.

The Administration is proposing that the current tax rate of \$0.69 per \$100 of assessed valuation remain the same for FY 2016. \$0.48 will be allocated to the General Fund and \$0.21 will be apportioned to the Debt Service Fund. Last year, \$0.47 was dedicated to the General Fund and \$0.22 to the Debt Service Fund. An additional cent to the General Fund will provide an estimated \$673,000 of additional revenue. The shift is possible due to the refunding of certain bonds in 2015 which lowered the City's debt service payments in 2016 and because the City has a very healthy fund balance in the Debt Service Fund.

The third largest revenue source in the General Fund is industrial payments from companies located outside the city limits in our Extra Territorial Jurisdiction or ETJ. The City's practice is to have seven year agreements with these companies whereby they make payments based on 80% of the appraised value for the first three years of the agreement and 75% of the appraised value during the last four years. Effective in January of 2016, the City anticipates entering into new seven year agreements, which should produce additional revenues of more than \$300,000 over what was received in 2015.

We are pleased to state that the proposed 2016 Budget has a 2.5% wage increase for civilian employees. Sworn employees working in the Fire Department are projected to receive a 2.5% wage increase and sworn personnel in the Police Department will receive a 2% wage increase per their collective bargaining agreement. Civilian employees did not receive a wage increase in FY 2015.

Expenditures in the proposed General Fund Budget, before transfers to other funds, are 2% more than the 2015 Budget. As it relates to additional expenditures, the City's health insurance expenses continue to rise which requires that the amount budgeted per employee be increased from \$12,000 per year to \$13,500, which is a 12.5% increase. The wage increases make up the largest portion of new expenditures over 2015, as 78% of the General Fund Budget is wages and benefits.

## **DEBT SERVICE FUND**

The Debt Service Fund is a legally restricted fund that accounts for property tax revenues collected to pay the debt service requirements of the City's outstanding general obligation debt. The proposed tax rate dedicated to the Debt Service fund is \$0.21 per \$100 of assessed valuation. One cent was shifted to the General Fund as a result of the debt service payments in FY 2016 being less than the previous year following a refunding of certain outstanding bond issues. The Budget also plans to use \$816,800 of the fund balance in FY 2016 due to its very strong cash position.

## **ENTERPRISE FUNDS**

Enterprise funds account for the businesslike operations of the Water Utilities and Solid Waste Funds. The intent is for water, sewer, and garbage collection services provided to the general public to be recovered through user charges.

### **Water Utilities Fund**

The Water Department is responsible for the production and sale of potable water for domestic and industrial uses and fire protection, collection and treatment of wastewater for protection of public health and the environment, and maintenance and construction of water and sewer infrastructure.

The Water Department is the largest department in the City's organization when accounting for revenues and expenditures. The proposed FY 2016 Budget anticipates \$48.2 million in revenues and \$48.3 million in expenditures, \$969,000 being capital expenditures. The difference of \$100,000 will be paid for from the fund balance.

The beginning fund balance of \$6.6 million in the FY 2016 Budget is \$1.0 million more than the actual beginning fund balance in FY 2015. Due to the fund balance declining in recent years, the City has been very aggressive in streamlining operations and finding efficiencies. Overall, expenditures were reduced an estimated \$1.9 million during FY 2015 from what was budgeted.

The Administration is not recommending an increase in water and sewer rates as a part of the FY 2016 Budget, which will be the first time in more than ten years that an increase has not occurred.

### **Solid Waste Fund**

The Solid Waste Department handles the collection and disposal of waste.

Expenditures for FY 2016 are expected to be \$10.7 million. The City is planning to construct a new landfill cell in 2016 with a projected cost of \$1.9 million. In order for this fund to remain healthy and to repay the debt associated with the new cell, the Administration is recommending that the monthly garbage collection rate of \$16 be increased to \$17. The additional \$1.00 per month will result in \$425,000 of estimated revenue. Revenues are expected to total \$10.5 million for FY 2016 with the proposed rate increase.

### **SPECIAL REVENUE AND INTERNAL SERVICE FUNDS**

Special revenue funds are used to account for revenues allocated for restricted purposes or as specified by law. Internal service funds are used to account for the financing of goods or services provided by one department to other departments of the City on a cost reimbursement basis. Highlighted below are the Municipal Transit Fund, a special revenue fund, and the Employee Benefits Fund, an internal service fund.

#### **Municipal Transit Fund**

The General Fund will transfer \$2,550,000 to the Transit Fund in FY 2016, which will pay for approximately 45% of the operating expenses necessary for the system. The remaining revenue is provided by the Federal and State governments along with passengers paying roughly 9% of the cost.

## **Employee Benefits Fund**

The Employee Benefits Fund is used to account for activities related to the administration of the City's health and worker's compensation programs, along with other costs related to employee benefits. The City's health insurance plans are self-insured which means the City and employee contributions pay the medical claims incurred on the plan up to \$175,000 per person when a stop loss insurance policy begins covering the claims.

Total revenues are anticipated to be \$22.4 million and expenditures are budgeted at \$22.4 million. The City's Preferred Provider Organization (PPO) health plans are budgeted at \$16.3 million in FY 2016 as compared to the FY 2015 budget of \$15.9 million. The projected cost for prescription drugs for FY 2015 is \$3.6 million. This is a 41% increase since FY 2013. The inflation related to the drug prices, overall utilization by the members, and the cost of and increased utilization of specialty drugs are the driving factors in this area. Strategies are being evaluated to mitigate the rising cost of the prescription drug plan. Finally, the Affordable Care Act mandates employers pay fees never incurred before. In FY 2015 these fees amounted to \$180,900 and are anticipated to be \$174,000 in FY 2016.

## **ACKNOWLEDGEMENTS**

I would like to recognize the hard work of Laura Clark, CFO; Todd Simoneaux, Controller; Kristin Mattingly, Senior Accountant; and Carol Wilson, Fiscal Assistant for their efforts in preparing this budgetary document.

I would also like to express appreciation to the Mayor, Councilmembers, and Management Team for their support in planning and conducting the financial operations of the City in a responsible and cost-effective manner.

Respectively submitted,

Kyle Hayes

City Manager

## FINANCIAL POLICIES

---

### INTRODUCTION

The City of Beaumont's financial policies set forth the basic framework for the fiscal management of the City. These policies were developed within the guidelines established by the applicable provisions of the Texas Local Government Code and the Charter of the City of Beaumont, Texas. They are intended to assist the City Council, management and staff in evaluating current activities and proposals for future programs. The policies are to be reviewed on an annual basis and modified to accommodate changes in circumstance or condition.

### ANNUAL BUDGET (Charter Requirements \* )

- 1.\* The fiscal year of the City government shall begin on the first day of October and shall end on the last day of September of the following calendar year. Such fiscal year shall also constitute the budget and accounting year.
2. \* The City Manager, at least forty-five days prior to the beginning of each budget year, shall submit to the City Council a proposed budget and an explanatory budget message which shall contain the following information:
  - a. The City Manager's budget message to the City Council shall be explanatory of the budget, contain an outline of the proposed financial policies of the City for the budget year and describe the important features of the budget plan. It shall set forth the reasons for salient changes from the previous year in expenditures and revenue items and explain any major changes in financial policy.
  - b. Revenues shall be presented in a format that illustrates the actual amounts for each item of the last complete fiscal year, the estimated amount for the current fiscal year and the proposed amount for the ensuing budget year.
  - c. The proposed expenditures for administration, operation, maintenance and capital out of each office, department or agency of the City shall be itemized by character and object. Expenditures shall be presented in a format that illustrates the actual amounts for each item of the last complete fiscal year, the estimated amount for the current fiscal year and the proposed amount for the ensuing budget year.
  - d. Provisions shall be made in the annual budget and in the appropriation ordinance for a contingent appropriation in an amount of not more than three (3) percent of the total General Fund expenditures, to be used in the case of unforeseen items of expenditures.
3. \* Total proposed expenditures shall not exceed total anticipated revenues in the City Manager's proposed budget.
4. \* The budget, the budget message and all supporting schedules shall be a public record in the office of the City Clerk open to public inspection.

## **FINANCIAL POLICIES**

---

5. \* At the meeting of the Council at which the budget and budget message are submitted, the Council shall determine the place and time of the public hearing on the budget, and shall cause to be published a notice of the place and time, not less than seven (7) days after the date of publication, at which the council will hold a public hearing.
6. \* After conclusion of such public hearing, the Council may insert new items or may increase or decrease the items of the budget, except items in proposed expenditures fixed by law. Before inserting any additional item or increasing any item of appropriation, it must cause to be published a notice setting forth the nature of the proposed increases and fixing a place and a time, not less than five (5) days after publication, at which the Council will hold a public hearing thereon.

After such further hearing, the council may insert the additional item or items, and make the increase or increases, to the amount in each case indicated by the published notice, or to a lesser amount, but where it shall increase the total anticipated expenditures, it shall also increase the total anticipated revenue to at least equal such total proposed expenditures.

7. \* The budget shall be adopted by the favorable votes of at least a majority of all members of Council. The budget shall be finally adopted not later than the twenty-seventh (27th) day of the last month of the fiscal year. Should the Council take no final action on or prior to such day, the budget as submitted by the City Manager shall be deemed to have been finally adopted by the Council.
8. \* Upon final adoption, the budget shall be in effect for the budget year. A copy of the budget, as finally adopted, shall be filed with the City Clerk, the County Clerk of Jefferson County, and the State Comptroller of Public Accounts in Austin.
9. \* From the effective date of the budget, the several amounts stated therein as proposed expenditures shall be and become appropriated to the several objects and purposes therein named. The amount stated therein as the amount to be raised by property tax shall constitute a determination of the amount of the levy for the purposes of the City, in the corresponding year.
10. The annual budget document shall be published in an understandable and useful format. The final budget document shall be published no later than sixty days following the date of the budget's adoption by the Council.

### **BASIS OF ACCOUNTING AND BUDGETING**

1. The City's finances shall be accounted for in accordance with generally accepted accounting principles as established by the Governmental Accounting Standards Board.
  - a. The accounts for the City are organized and operated on a fund and account group basis. Fund accounting segregates funds according to their intended purpose and is used to aid management with finance-related legal and contractual provisions. A minimum number of funds is maintained consistent with legal and managerial requirements. Account groups are a reporting device to account for certain assets and liabilities of the Governmental funds not recorded directly in those funds. Governmental funds are used to account for the City's general government activities and include General, Special Revenue, Debt Service and Capital Project funds.

## FINANCIAL POLICIES

---

- b. Governmental fund types use the flow of current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting revenues are recognized when susceptible to accrual (i.e., when they are “measurable and available”). “Measurable” means the amount of the transaction can be determined and “available” means collectible within the current period or soon enough thereafter to pay liabilities of the current period. Substantially all revenues are considered to be susceptible to accrual. Ad valorem and sales taxes, franchise and payments in lieu of tax revenues recorded in the General Fund, hotel occupancy tax revenues recorded in the Hotel Occupancy Tax Fund and ad valorem tax revenues recorded in the Debt Service Fund are recognized under the susceptible to accrual concept. Licenses and permits, charges for services, fines and forfeitures, and miscellaneous revenues (except earnings on investment) are recorded as revenues when received in cash because they are generally not measurable until actually received. Investment earnings are recorded as earned since they are measurable and available. Expenditures are recognized when the related fund liability is incurred, if measurable, except for principal and interest on general long-term debt, which are recorded when due, and compensated absences, which are recorded when payable from currently available resources.
  - c. The City utilizes encumbrance accounting for its Governmental fund types, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation.
  - d. The City’s Proprietary fund types are accounted for on a flow of economic resources measurement focus and use the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, with the exception of inventories which are recorded as expenses when used.
2. The City’s annual budget shall be prepared and adopted on a basis consistent with generally accepted accounting principles for all Governmental and Proprietary funds except certain Special Revenue funds and Capital Projects funds, which adopt project-length budgets. Depreciation of capital assets is not recognized in proprietary fund budgets. All annual appropriations lapse at fiscal year end. Outstanding encumbrances do not constitute expenditures or liabilities since they will be reappropriated in the subsequent fiscal year.
  3. Capital assets include property, plant, equipment and infrastructure. Capital assets are defined as assets with an initial, individual cost of more than \$10,000 for property and equipment, \$50,000 for buildings and improvements, and \$150,000 for infrastructure, and an estimated useful life in excess of two years.

## BUDGET ADMINISTRATION

1. All expenditures of the City shall be made in accordance with the adopted annual budget. Budgetary control is maintained at the individual expenditure account level by the electronic review of all requisitions of estimated purchase amounts prior to the release of purchase orders to vendors.
2. The City Manager and City Attorney have the authority to enter into professional or planning services contracts, in accordance with the Texas Local Government Code, when funds are appropriated and available.

## **FINANCIAL POLICIES**

---

3. The City Manager has the authority to approve purchases up to \$50,000 in accordance with the Texas Local Government Code.
4. The following represents the City's budget amendment policy delineating responsibility and authority for the amendment process. Transfers between expenditure accounts within a department may occur with the approval of the Department Director and review of the Chief Financial Officer. Transfers between operating departments may occur within the same fund with the approval of the City Manager. Transfers between funds must be accomplished by budget amendments approved by the City Council. Budget amendments calling for new fund appropriations that exceed unencumbered fund balances must also be approved by the City Council.

### **FINANCIAL REPORTING**

1. Following the conclusion of the fiscal year, the City's Chief Financial Officer shall cause to be prepared a Comprehensive Annual Financial Report (CAFR) in accordance with generally accepted accounting principles (GAAP) established by the Governmental Accounting Standards Board (GASB). The document shall also satisfy all criteria of the Government Finance Officers Association's Certificate of Achievement in Financial Reporting Program.
2. The CAFR shall show the status of the City's finances on a GAAP basis. The CAFR shall show governmental fund revenues and expenditures on both a GAAP and budget basis for comparison purposes. Except for the reporting of the fair value of investments and sales tax accruals and depreciation expense, this reporting conforms to the basis by which the City prepares its budget.
3. Included as part of the CAFR shall be the results of the annual audit prepared by independent certified public accountants designated by the City Council.
4. The Chief Financial Officer shall within thirty days following the conclusion of each calendar month, issue a report to the Council reflecting the City's financial condition for that month. The monthly report shall provide budget comparisons, detailing revenues and expenditures at the fund level, for the current month, year to date, projected year end (during the last six months of the year) and amended budget.

### **REVENUES**

1. To protect the City's financial integrity, the City will maintain a diversified and stable revenue system to shelter it from fluctuations in any one revenue source. Recognizing that sales tax is a volatile, unpredictable source of revenue, the City will attempt to reduce its dependence on sales tax revenue.
2. For every annual budget, the City shall levy a single property tax rate that is apportioned between operation/maintenance and debt service. The debt service apportionment shall be sufficient for meeting all principal and interest payments associated with the City's outstanding general obligation debt for that budget year. The debt service apportionment and related debt service expenditures shall be accounted for in the Debt Service Fund. The operation and maintenance apportionment shall be accounted for in the General Fund.

## **FINANCIAL POLICIES**

---

3. The City will establish user charges and fees at a level that attempts to recover the full cost of providing the service.
4. The City will attempt to maximize the application of its financial resources by obtaining supplementary funding through agreements with other public and private agencies for the provision of public services or the construction of capital improvements.
5. The City will consider market rates and charges levied by other public and private organizations for similar services in establishing tax rates, fees and charges.
6. When developing the annual budget, the City Manager shall project revenues from every source based on actual collections from the preceding year and estimated collections of the current fiscal year, while taking into account known circumstances which will impact revenues for the new fiscal year. The revenue projections for each fund should be made conservatively so that total actual fund revenues exceed budgeted projections.

### **OPERATING EXPENDITURES**

1. Operating expenditures shall be accounted, reported and budgeted for in the following major categories:
  - a. Operating, recurring expenditures
    - i. Wages
    - ii. Benefits
    - iii. Supplies and equipment
    - iv. Repair and maintenance
    - v. Utilities
    - vi. Contract Services
    - vii. Debt Service
    - viii. Payment in lieu of taxes (proprietary funds)
    - ix. Transfers
  - b. Operating, non-recurring expenditures
    - i. Capital Expenditures
2. The annual budget shall appropriate sufficient funds for operating, recurring expenditures necessary to maintain established (i.e., status quo) quality and scope of City services.
3. The City will constantly examine the methods for providing public services in order to reduce operating, recurring expenditures and/or enhance quality and scope of public services with no increase to cost.
4. Wages and benefits expenditures will reflect the minimum staffing needed to provide established quality and scope of City service. To attract and retain employees necessary for providing high quality service, the City shall maintain a competitive compensation and benefit package.
5. Supply expenditures shall be sufficient for ensuring optimal productivity of City employees.

## FINANCIAL POLICIES

---

6. Repair and maintenance expenditures shall be sufficient for addressing the deterioration of the City's capital assets to ensure the optimal productivity. Maintenance should be conducted to ensure a relatively stable level of maintenance expenditures for every budget year.
7. The City will utilize contract labor for the provision of City services whenever private contractors can perform the established level of service at less expense to the City. The City will regularly evaluate its agreements with private contractors to ensure the established levels of service are performed at the least expense to the City.
8. Existing capital equipment shall be replaced when needed to ensure the optimal productivity of City employees. Existing fleet equipment, except for Enterprise Funds purchases which are depreciated within the fund, will be amortized by charges to the departments using the vehicle. The amortization charges will be sufficient for replacing the fleet equipment at the end of its expected useful life. The amortization charges and application of those funds will be accounted for in the Capital Reserve Fund.
9. Expenditures for additional capital equipment shall be made only to enhance employee productivity, improve quality of service, or expand scope of service.
10. Bad debt relating to individual accounts is written off and expensed when collection efforts are unproductive and the account is over one year delinquent. The Chief Financial Officer approves write-offs up to \$500; the City Manager approves write-offs up to \$1,000; and the City Council approves write-offs of balances over \$1,000.

### FUND BALANCE

1. The annual budget shall be presented to Council with an ending fund balance that reflects a prudent reserve as follows:
  - a. General Fund ending fund balance shall not be less than ten percent (10%) of that fund's annual operating expenditures.
  - b. Debt Service Fund ending fund balance shall not be less than one-twelfth (1/12) of that fund's annual debt service requirements.
2. Fund balance in the General Fund which exceeds the minimum level established for that fund may be appropriated for non-recurring capital projects or programs.
3. The City will exercise diligence in avoiding the appropriation of fund balance for recurring operating expenditures. In the event fund balance is appropriated for recurring operating expenditures to meet the needs of the Beaumont community, the budget document shall include an explanation of the circumstances requiring the appropriation and the methods to be used to arrest the future use of fund balance for operating expenditures.

## **FINANCIAL POLICIES**

---

### **DEBT EXPENDITURES**

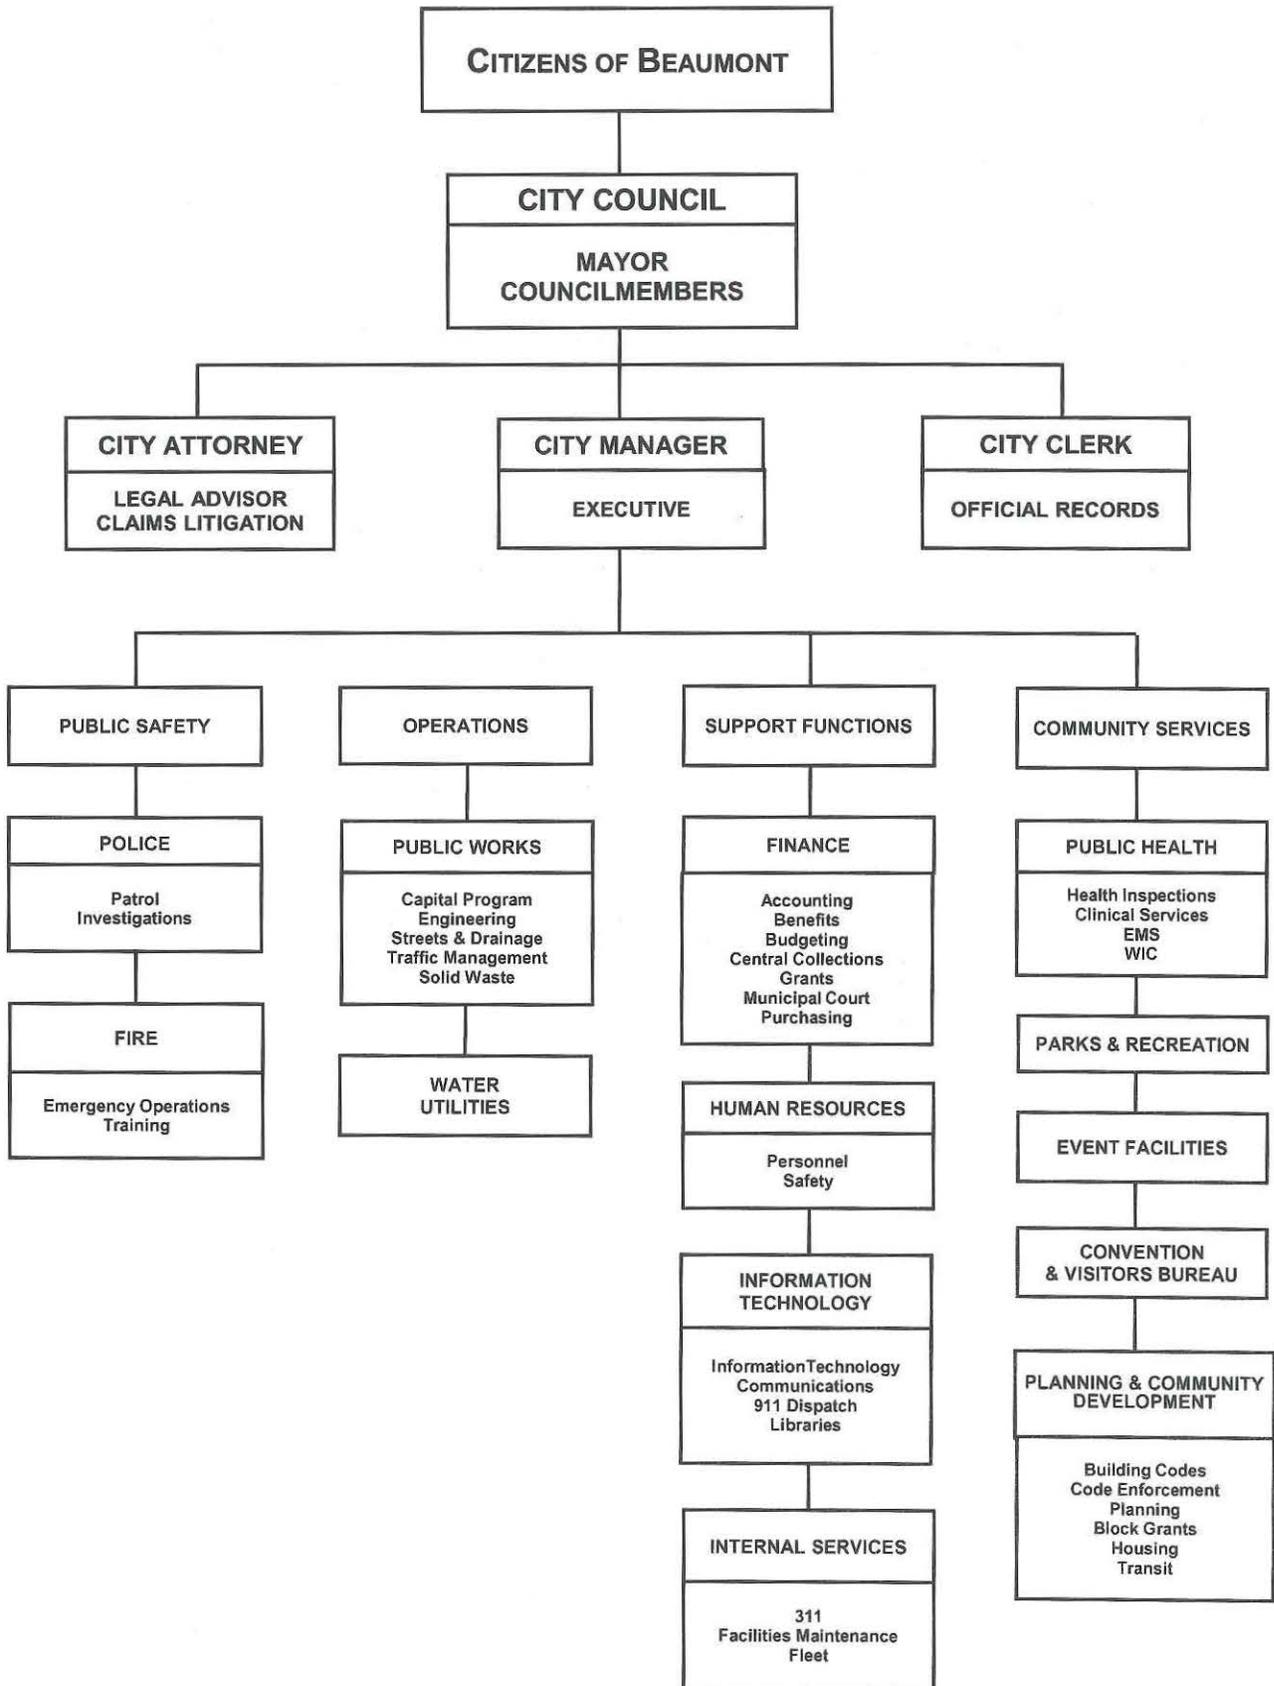

1. The City will issue debt only to fund capital projects that cannot be supported by current, annual revenues.
2. Retirement of debt principal will be structured to ensure constant annual debt payments.
3. The City will attempt to maintain base bond ratings (prior to issuance) of A1 (Moody's Investor's Service) and A (Standard & Poor's) on its general obligation debt.
4. When needed to minimize annual debt payments, the City will obtain insurance for new debt issues.

### **CAPITAL PROJECT EXPENDITURES**

1. The City will develop a multi-year plan for capital projects which identifies all projects likely to be constructed within a five year horizon. The multi-year plan will reflect for each project the likely source of funding and attempt to quantify the project's impact to future operating expenditures.
2. Capital projects will be constructed to:
  - a. Protect or improve the community's quality of life.
  - b. Protect or enhance the community's economic vitality.
  - c. Support and service new development.
3. To minimize the issuance of debt, the City will attempt to support capital projects with appropriations from operating revenues or excess fund balances (i.e., "pay as you go".)

**EXPENDITURES BY DEPARTMENT**

[1] Amended Original Budget \$2,150,000

## POLICE

---

The Beaumont Police Department is responsible for providing 24-hour service and protection for the citizens of Beaumont as well as visitors to our community by enforcing all city ordinances and Texas statutes. Its mission is the development of a working alliance between the police and the community that encourages mutual solutions to common problems resulting in a safe, secure and law-abiding environment.

**The Administrative Division** is responsible for the support functions of the department. The Training and Personnel Unit provides in-service training as well as recruitment and hiring of qualified candidates for the department. A recruiter aggressively seeks out qualified candidates for police officer positions with emphasis on recruitment within the minority community. The Internal Affairs Unit investigates complaints against and compliments of members of the department. The Planning and Budget Office is responsible for fiscal management, research and departmental planning. The Property Office maintains records and storage of property and evidence recovered by the department. Records Management is responsible for maintaining department records. The Community Resource Officer coordinates the use of inmate labor for special projects and the demolition of condemned buildings. Police Community Relations (PCR) maintains relationships with the community and conducts presentations to community groups concerning crime prevention and disseminates information to the local media. The PCR unit also facilitates the Crime Stoppers Program, the Citizens Police Academy, Citizens in Action, the Clergy and Police Program, and the Neighborhood Associations. The Special Assignment Unit is responsible for crime analysis and the coordination of an integrated response toward issues, as well as proactively addressing problems.

**The Patrol Division** provides first response to citizen calls for service. The Division is comprised of four uniformed patrol shifts that provide 24 hour service. Additionally, the Traffic Unit includes both motorcycles and patrol units, and handles fatality crash investigations, vehicle crash follow up investigations, in addition to taxi and tow truck regulation. The K-9 Unit operates five patrol/drug dogs and one bloodhound to assist other units. The Special Response Team handles crowd related issues.

**The Criminal Investigations Division** manages the investigation of criminal cases and the operation of special investigative units. The Crimes Against Persons Unit is responsible for the follow-up investigation of all crimes against persons (homicide, robbery, kidnapping, and assault) except sexual assault. This includes the Crime Scene Unit and the Family Violence Unit. The Crimes Against Property Unit is responsible for the follow-up investigation of crimes against property, including burglary, theft and fraud. The Auto Theft Task Force conducts follow up investigations on motor vehicle theft, auto burglary, salvage yard and auto repair shop inspections, and produces public awareness programs. The Special Crimes Unit is responsible for conducting investigations involving juvenile related crimes and sexual assault, as well as sex offender registration. The Family Violence Unit is responsible for the investigation of cases involving domestic violence. The Narcotics and Vice Unit is responsible for investigating narcotics violations, prostitution, and regulating sexually-oriented businesses.

## POLICE

---

**The Emergency Management Division** administers the City's Emergency Management program under the direction of the Mayor. Responsibilities include coordinating emergency management functions and plans between City departments, ensuring compliance with federal, state and local regulations governing hazardous materials, homeland security, national incident management system and emergency response, and facilitating and providing emergency management and critical incident training for all City employees. Additional duties include initiating emergency public information and warnings, activating and coordinating the City Emergency Operations Center during critical incidents, and managing the City's emergency management and homeland security resources and equipment. The division also obtains funding for emergency management and homeland security equipment and training through grants and other resources. The division also handles administrative duties for SWAT, which responds to stand-off situations such as barricaded subjects, hostage incidents, and threatened suicides.

**The Animal Services Division** provides 24 hour response to animal nuisance calls. The division enforces animal control ordinances through response to citizen complaints, conducts inspections to identify nuisances involving animals and initiates legal action when appropriate. Animal Services also operates an adoption friendly shelter along with various public awareness programs.

## FIRE

---

Beaumont Fire-Rescue Services is committed to preserving and protecting life and property. Employees strive to meet the demands of their mission by providing exceptional customer service over a defined range of emergency, prevention and support services focused on minimizing risk and maximizing effectiveness. The department's four sections work cooperatively to ensure that a customer-centered approach to service delivery is achieved each and every day.

**Administration & Finance Section** is responsible for administering payroll and personnel matters; setting departmental goals and objectives and reporting on progress; approving minimum performance standards; developing and administering the departmental budget; recommending and coordinating a long term capital program; coordinating the development and implementation of policies and directives; managing grants and other alternative revenue sources; monitoring of regulatory compliance; interfacing with department directors, community organizations and citizens groups.

**Operations Section** is responsible for providing capabilities-based emergency response services in emergency medical; technical rescue; hazardous materials; structural, industrial, wildland/urban interface, and shore-side marine firefighting; salvage operations (including dive recovery); and public assists. Emergency services are delivered through a structured response system, deploying apparatus and personnel from twelve strategically located stations. A state of readiness is maintained through regular training, pre-incident planning, and preventative maintenance and testing activities. The section's members also facilitate public fire and safety education programs, and perform routine testing and maintenance on equipment, facilities, and critical infrastructure, like the City's hydrant system.

**Planning Section** is responsible for minimizing risk to civilians and responders through the implementation of proactive public fire and safety education and fire code enforcement activities (including fire code inspections, building plans review, issuance of permits and testing of fire suppression and detection systems); assisting in the coordination of emergency management preparation and response activities with other City departments, local, State and federal agencies; coordinating critical infrastructure protection (including pre-incident planning, fire hydrant status, tracking and database maintenance, Tier II hazardous materials information, and GEO file update and maintenance); professional standards administrative investigations; external investigations of the cause and origin of fires; prosecuting arson cases; coordinating incident reporting; analyzing trends to determine the community's current and future fire and safety issues. The Planning Section also operates the Fire Museum of Texas, recognized by the State Firemen's and Fire Marshal's Association as the official fire museum of the State of Texas. The museum features the history of the Texas fire service, as well as the Fire Safety Activity Center and mobile fire safety house, both focused on teaching children fire and home safety behaviors.

**Logistics Section-Support Branch** is responsible for managing overall logistical requirements, including purchasing and distribution of supplies; coordinating specification development; coordinating facilities and equipment maintenance; developing and coordinating the department's annual training plan; ensuring compliance with local, State and federal regulatory agencies relating to certification and continuing education; coordinating research, development of benchmarks and minimum performance standards; evaluating personnel relative to established benchmarks and minimum performance standards; coordinating and facilitating professional development activities; coordinating technical research projects related to equipment and apparatus; reporting on training deficiencies and assessing global training needs.

## FIRE

---

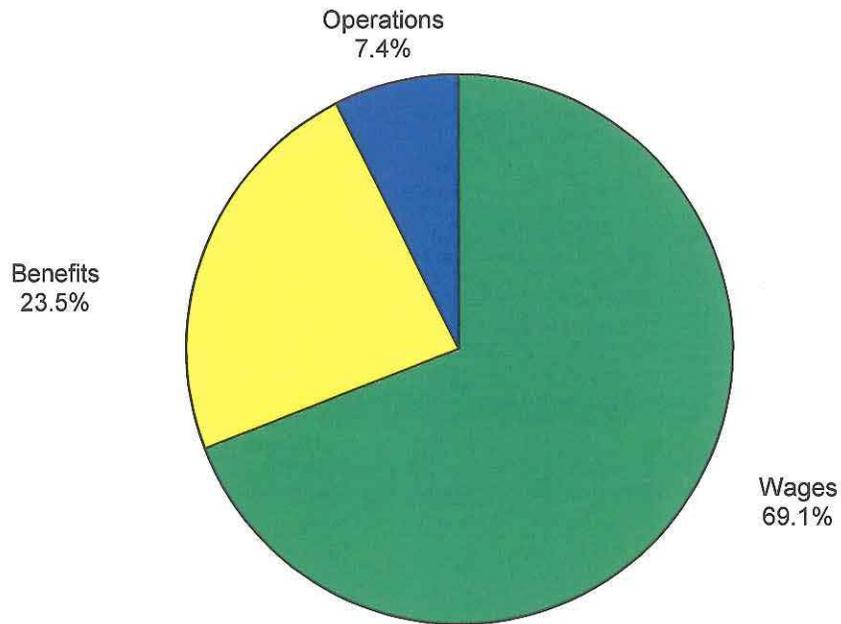

**Logistics Section-Services Branch** is responsible for receiving emergency calls; dispatching the appropriate fire and emergency medical equipment; providing pre-arrival, lifesaving instructions to the caller for fire and medical emergencies; tracking and maintaining the status of Fire and EMS units; standing up food and medical units to serve responders; notifying utility companies and other support agencies necessary for managing emergencies; receiving and processing after-hours calls for other City departments; functioning as the central communications and deployment center for the tri-county mutual aid organization (Sabine-Neches Chiefs Association).

## PUBLIC WORKS

---

The Public Works Department is responsible for the City's street and drainage infrastructure. Additionally, the Department is responsible for the structural maintenance and repair of city-owned buildings. The management of the Beaumont Municipal Airport, also directed by Public Works, is accounted for in the Special Revenue Funds section.

**Facilities Maintenance** directs activities associated with building maintenance. The program is responsible for structural maintenance and repair of the City's buildings; the development of specifications; plan review and construction management of facility improvements.

**Engineering** is responsible for the design, development, and construction of the City's Capital Program. General Improvement projects consist of building and park-related improvements. Public Works projects involve streets, bridges, drainage systems and the acquisition of real property for City projects. This Division reviews, inspects and approves all subdivisions and commercial/industrial site development plans for code compliance; updates and maintains the various maps and files of all City-owned properties and right-of-ways and manages all agreements for engineering and construction projects.

**Street Lighting** is used to capture the electrical cost of operating the City's street light, freeway lighting and traffic signal systems.

**Streets and Drainage** is responsible for the maintenance of the City's streets and drainage infrastructure and street sweeping program, covering 750 miles of streets; a drainage ditch system over 600 miles in length; an underground drainage system of over 200 miles; approximately 20,000 catch basins and eight (8) lift stations located at various street underpasses throughout the City.

**Traffic Management** is responsible for the management and control of vehicular and pedestrian traffic within the City, including traffic studies and improvements, downtown parking enforcement, the school crossing guard program; fabrication, installation and maintenance of traffic signals, signs and pavement markings, and maintenance of the freeway lighting system.

(1) Transferred to Public Works Administration in FY 2015

## INFORMATION TECHNOLOGY

---

The role of Information Technology is to provide the City's operating departments with the technical support and equipment needed to successfully and efficiently deliver their services to the public as well as provide citizens with educational, cultural, genealogical, literacy and recreational resources through the Public Library System.

**Information Technology** is responsible for the planning, development, and administration of the City's information technology systems to provide citizen-oriented and cost-effective technology services to City departments. City-wide systems include a multi-facility wide area network (WAN) composed of two IBM iSeries computer systems, 44 Servers, Windows technology with a data and telecommunication infrastructure utilizing T1, fiber and Frame Relay connections. Technology Services supports and maintains over 4,400 pieces of equipment, 1,200 software applications and provides training and support to 1,300 users. A full array of services is supported including Financial, Public Safety, web page design, imaging, mobile computing and Geographical Information System (GIS).

**Public Library System:** The four **Circulating Libraries** make available educational, cultural, and recreational resources including books, DVDs, videos, books on CD and tape, periodicals, reference services, internet access, and other materials. The Funding Information Center assists nonprofit organizations in seeking sources of funding and persons seeking scholarships.

The **Literacy** program is affiliated with Pro Literacy. It provides one-on-one tutoring using volunteers, as well as offering English as a second language, GED and family literacy programs.

The **Tyrrell Historical Library** is a research library and archive for genealogy and for Texas history, particularly Southeast Texas.

**Communication Systems** is responsible for the maintenance of the City's communication network consisting of radio, internal telephone and specialized intercom systems. The radio system supported is also in use throughout Jefferson, Hardin and Orange Counties with multiple local agencies.

**911/311 Dispatch Center** is responsible for answering calls for service. 911 is responsible for all incoming public safety calls before transferring Fire and EMS calls to Fire Dispatch. Dispatchers receive the incoming calls, dispatch the appropriate units and provide pre-arrival instructions, when necessary, to callers. 311 answers non-emergency calls to the City. 311 operators provide immediate answers when possible and take information and follow up on requests that require involving other city departments.

## PUBLIC HEALTH

---

The mission of the Public Health Department is to encourage, educate, and promote healthy lifestyles for the citizens of Beaumont. It is responsible for the control of infectious diseases, emergency medical services, public health nursing, public health emergency preparedness, and related environmental health hazards.

Several grant funded programs, which are appropriated independent of the operating budget, are represented throughout the department.

**Administration** provides guidance and direction to the local public health services and is directly responsible for the department's relationship with the Texas Department of State Health Services and securing grant funding for health services.

**Clinical Services** provides both city and state supported programs. Services include immunizations; Sexually Transmitted Infections (STI) treatment and surveillance; community-based chronic disease screening; tuberculosis detection, treatment, and surveillance; HIV testing and counseling; reporting and surveillance of infectious diseases as they relate to natural or unusual occurrences; laboratory services; and an employee occupational exposure program.

**Health Services** not performed in a medical clinic setting are found in this division and include the supervision and performance of community-based programs and the management of health data. Health educators and program specialists work closely with local schools, civic groups and health organizations to promote healthy lifestyles and counsel against risky behaviors that can result in a seriously reduced quality of life. Other efforts include promotion of the *Let's Move!* and Choose My Plate campaigns to prevent childhood obesity, and the Act FAST campaign which educates the community on the signs and symptoms of strokes and the importance of calling 9-1-1. Managing public health data, including data collection, analysis and recording, allows professional staff to identify trends, measure results, and uncover problems early so that appropriate responses can be developed and implemented. Official records required by State statute, such as birth and death records, can be obtained from our Vital Statistics Registrar for identification and other legal purposes.

**Emergency Medical Services (EMS)** provides high quality emergency medical care from four stations strategically located throughout the city. This program provides training, supervision, management and medical oversight for the Beaumont EMS system. The primary objectives of the program are clinical excellence, response time reliability, customer satisfaction, and economic efficiency.

**Health Inspections** investigates and remedies public health nuisances; issues food service permits; provides food manager training; and conducts retail food establishment inspections. Registered sanitarians conduct inspections to identify and correct general public health nuisances before the public is adversely affected. Field personnel respond to citizen requests for service and initiate legal action when appropriate.

The **Women, Infant and Children (W.I.C.)** Program is a federally funded nutrition education and voucher system. The program provides nutrition education and food vouchers to infants and children up to the age of five, as well as pregnant and postpartum mothers. W.I.C. operates from two locations within the city.

## PARKS AND RECREATION

---

The Parks and Recreation Department is committed to providing quality recreation programs and attractive, well maintained park properties for the citizens and visitors of Beaumont.

**Administration** provides direction and assists in the development of policies and procedures for the Department, including serving as liaison for the Parks and Recreation Advisory Committee.

**Parks and Property Services** is responsible for 36 park properties with over 2,200 acres of land and over 1,000 pieces of playground equipment. This division also maintains street medians and right-of-ways. Tasks include mowing, trimming, edging, pesticide application, litter and debris removal, restroom maintenance, and pool and water playground maintenance.

**Recreation** provides fun, diverse year-round recreational opportunities through leagues, special events and leisure usage of parks. A wide variety of leisure activities are offered at municipal facilities such as the Sterling Pruitt Activity Center, the Best Years Senior Center, the Athletic Complex, the Tennis Center and the City's two public swimming pools.

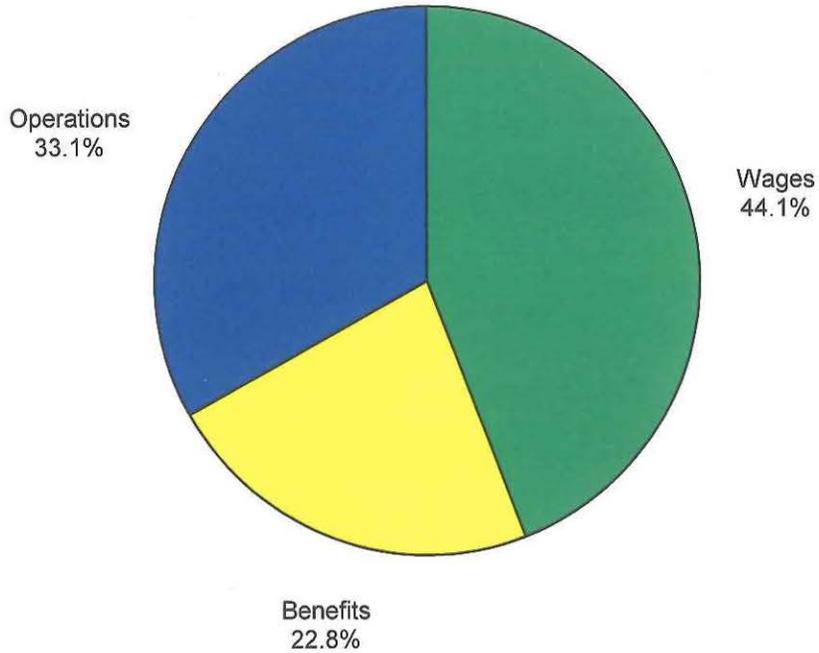

The **Henry Homberg Golf Course Fund** was established to account for the revenues and expenditures associated with operating the City's 18-hole municipal golf course and state of the art club house. Expenditures are presented in the Special Revenue and Other Funds section.

**BEAUMONT**  
Finance

## FINANCE

---

The Finance Department provides centralized financial services for the City. Budgeting, fiscal planning, and management of the City's financial resources are conducted within this department.

**Administration** has oversight responsibilities for all functions of the department in addition to preparation of the annual operating budget.

**Accounting** is responsible for financial analysis and reporting of activity for all funds in conformity with the City Charter and with generally accepted accounting principles. Particular emphasis is placed on the development and coordination of the Comprehensive Annual Financial Report (CAFR). Payroll administration is also included in the Accounting division.

**Benefits** prepares bid specifications, analyzes bid proposals for City insurance plans and, once selected, administers the medical, dental, prescription drugs, life insurance, long-term disability, employee assistance, the retirement and 457 deferred compensation plans and the employee wellness program. Benefits conducts orientation for new employees, annual enrollment, and hosts pre-retirement seminars for employees.

**Grants** includes the oversight of various grant applications and the preparation of required monthly, quarterly and annual reporting. This division also provides all financial reporting of the Housing and Urban Development (HUD) grants that are annually awarded to the City.

**Purchasing** provides diverse support services including procurement of all commodities and services, contract administration, and the City's mail distribution service. The staff ensures that State bidding laws are adhered to, and conducts auction sales for disposal of surplus goods and property, as well as items confiscated by the Police Department.

**Municipal Court** provides the City of Beaumont with control over the adjudication of certain misdemeanor criminal laws within its jurisdictional boundary. The Court maintains records of all traffic and misdemeanor complaints and convictions, processes payments of fines, prepares documents for and schedules trials, notifies witnesses and attorneys of court dates, processes overdue notices of outstanding fines and collects data for reporting purposes. The office also processes warrants issued for nonpayment of outstanding fines.

**Central Collections** is responsible for the cashier function; billing and collection of City receivables; and management of the City's cash funds, Small Business Loan Fund and investment portfolio.

**Water Utilities Customer Service** directs the functions related to meter reading, billing and account maintenance. This division is accounted for in the Water Utilities Fund.

**Fleet Management** provides primary maintenance support for all City-owned vehicles and fleet-type equipment, offering 24-hour automated fueling and staffed parts and repair facilities for the user departments. Annual departmental fleet equipment requests are evaluated and specifications for procurement are developed as part of the program's activities. This is accounted for in the Internal Service Funds.

## PLANNING & COMMUNITY DEVELOPMENT

---

The Planning & Community Development Department is responsible for planning, zoning, building inspection, demolitions, housing, code compliance and block grant administration. The Beaumont Municipal Transit System, directed by this department, is discussed in the Special Revenue Funds Section

**Administration** provides assistance to other Planning & Community Development programs for departmental activities such as budgeting, financial and operational planning and employee development. This program also acts as the Planning & Community Development Department liaison with various local and state agencies and committees.

**Building Codes** ensures that building standards for private dwellings and commercial structures are met. The program provides on-site inspections of work in progress; reviews site plans prior to the issuance of building permits; reviews and permits oil and gas well applications, and identifies, inspects and abates dangerous structures.

**Code Enforcement** is responsible for enforcement and abatement of code or ordinance violations related to litter, weed abatement, junk motor vehicles and general nuisances. The program supports the Operation Clean Street Program and assists in coordinating neighborhood clean-ups, often working with Neighborhood Associations.

**Planning and Zoning** directs the City's comprehensive planning activities and administers the zoning ordinances and subdivision regulations, providing assistance with zoning change and specific use permit requests, subdivision plat requests, certificates of appropriateness, historic tax exemptions and historic preservation loans, and code enforcement within the Oaks Historic District.

The **Housing** program contributes to the City of Beaumont's revitalization program through the construction of new affordable houses, the administration of first-time homebuyer's assistance and the rehabilitation of older homes. The objective is to develop viable urban communities and improve economic opportunities, principally for persons of low and moderate income.

**Grants Administration** is responsible for administering the Consolidated Block Grant Program, which encompasses various Federal and State grants, and the Section 108 Guaranteed Loan. This division also administers Economic Development Initiative-Special Projects Grants (EDI) and Shelter-Plus Care.

## EVENT FACILITIES

---

Event Facilities provides leisure and entertainment activities to citizens and visitors, directing activities at the Beaumont Civic Center, Julie Rogers Theatre for the Performing Arts, Jefferson Theatre, Riverfront Park, the Event Centre and community centers at the parks. These venues can accommodate a variety of events such as concerts, trade shows, graduations, plays, banquets, meetings, seminars, wedding receptions, birthday parties, class reunions and family parties. Riverfront Park is the host to the City's Fourth of July Celebration each year which draws thousands of people to the downtown area. Downtown Beaumont is also host to the City's Annual Jazz & Blues Festival. Custodial duties for the City-owned buildings in the downtown area are also handled by Event Facilities, and these buildings include City Hall, Police Station, Municipal Court Building, 911 Call Center, Downtown Library and Tyrrell Historical Library.

**Grounds Maintenance** directs the activities of ground maintenance crews for the maintenance of city- owned facilities within the central business district.

## HUMAN RESOURCES

---

The Department of Human Resources provides support services in the areas of employment, workers' compensation and safety, and employee relations.

**Administration** is responsible for the development, communication, implementation and exercise of authority over all management policies and directives, providing guidance and support to all City departments. Administration is responsible for the Drug Testing Program.

**Personnel** assists with the recruitment, selection, testing, hiring, promoting, transferring and reclassifying of all employees. Personnel is responsible for salary administration and surveys; investigation of grievances and termination appeals, harassment complaints and EEOC claims; unemployment compensation claims and appeals; summer youth employment program; employee recognition and awards programs; training; and facilitates the weekly orientation program for new employees. The Civil Service Director administers the hiring and promotion process for police officers and firefighters, coordinates all Civil Service meetings and ensures compliance with all aspects of Civil Service state law.

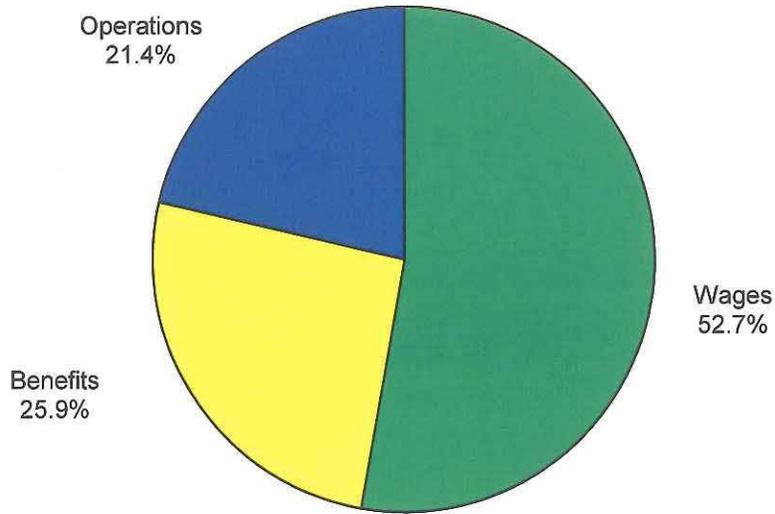

**Safety** administers all functions of the City's safety program, and with the assistance of a third-party administrator, manages the workers' compensation self-funded insurance program. Safety objectives, standards and criteria needed to provide a safe work environment for all employees is established with each department. The alcohol and drug testing program, the Police and Fire Department's pre-employment and annual physical program, the vehicle safety program and the bi-weekly safety/hazcom orientations for new employees program are a few of the main responsibilities of the safety section of Human Resources. This program is funded in the Employee Benefits Fund.

## CITY ATTORNEY

---

The office of City Attorney is established by the City Charter. The City Attorney and staff provide legal counsel and representation for the City Council, City Manager and all City departments, Boards and Commissions.

**Legal Services** provides preparation and review of ordinances, resolutions, contracts, deeds, liens and other legal documents. Formal and informal opinions are given on questions of law pertaining to City operations. Legal Services prosecutes cases in Municipal Court and represents the City in eminent domain proceedings, personal injury and damage suits and claims, injunction suits, labor arbitration and other litigation. Representation is also provided in hearings conducted by federal and state agencies. The department provides a variety of legal services relating to code enforcement, zoning and land use regulations, traffic and parking control, utility rates, railroads, bond sales and other matters requiring legislative action or involving interpretation and application of law. The department is actively involved in negotiations with fire and police unions concerning labor agreements.

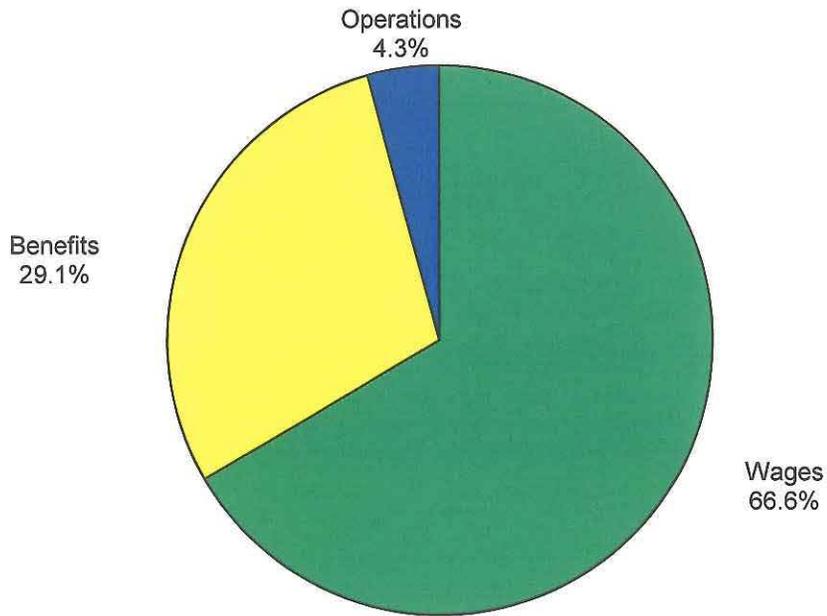

**Liability Administration** is responsible for the investigation and reporting of claims against the City; negotiation and settlement of liability claims within established limits of authority; providing City Council confidential assistance/advice regarding claims in executive session; maintaining proper liability reserves; pursuing third party recovery of property damages relating to City property; and identifying and analyzing liability loss exposure throughout the City.

## CITY CLERK

---

The City Clerk, whose position is established by City Charter, is appointed by the City Council.

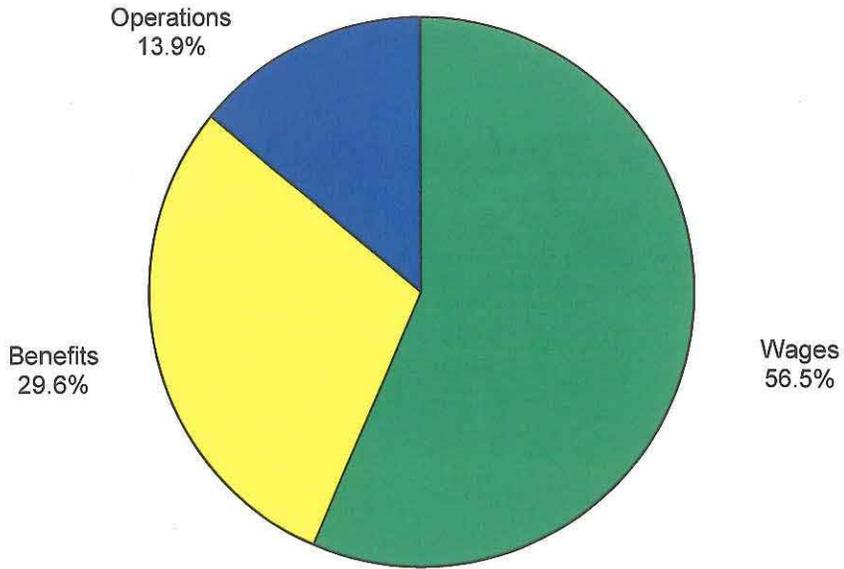

The **City Clerk** is custodian of the City's official records, including ordinances, resolutions, deeds, contracts, leases, easements, annexation proceedings, petitions and minutes of City Council and other official bodies; processes notices for publication; receives competitive bids and records minutes of the official bid opening sessions. The City Clerk conducts joint elections with the Beaumont Independent School District and the Port of Beaumont for the election of City officials, school trustees, and port commissioners.

## TRANSFERS

---

Transfers are made to provide additional resources to other funds such as special revenue funds and internal service funds.

**Henry Homberg Golf Course Fund**, a special revenue fund, receives revenues in the form of membership fees, golf cart rentals and retail sales. The cost of operations is supplemented, when needed, by a transfer from the General Fund. No transfer is proposed for FY 2016.

**Municipal Transit Fund**, another special revenue fund, receives revenue in the form of fares for services as well as federal and state grants. A transfer of \$2,550,000 is proposed for FY 2016.

**Employee Benefits Fund**, an internal service fund, accounts for employee and dependent health and dental plans, workers' compensation and the administration of these programs. No transfer is proposed for FY 2016.

**GENERAL FUND

## DEBT SERVICE FUND

---

The Debt Service Fund is a legally restricted fund utilized to account for revenues recognized to liquidate the debt service requirements for the City's general obligation debt. This revenue is primarily earned through dedicated property tax revenue.

The rate dedicated to debt service will be \$0.21 per \$100 valuation. The revenue generated through the application of this rate provides sufficient funding for the retirement of the City's debt.

**DEBT SERVICE FUND**  
**STATEMENT OF REVENUES AND EXPENDITURES**

## WATER UTILITIES

---

The Water Utilities Department is responsible for providing an adequate supply of high quality potable water for domestic, industrial and fire protection use; collection and treatment of wastewater for the protection of public health and the environment; maintenance and construction of water and sanitary sewer infrastructure; planning, designing, and constructing projects to meet present and future needs; updating policies and procedures to ensure high quality construction and compliance with State and Federal regulations.

**Administration** provides coordination and support for all Department activities involving the US Environmental Protection Agency (EPA), Texas Commission on Environmental Quality (TCEQ), engineering/consulting firms, construction contractors, and other City Departments. The engineering section conducts water and sanitary sewer system studies, designs water and sanitary sewer rehabilitation projects, develops and manages Capital Program projects, and reviews residential, commercial, and industrial projects submitted to the City.

**Water Customer Service**, funded by the Water Utilities Fund, is administered by the Finance Department.

**Water Maintenance and Repair** is responsible for the maintenance and repair of approximately 760 miles of water distribution mains, 4,187 fire hydrants, 45,000 water meters, 12,000 valves, and 15 miles of canal and levee systems. A directional drilling crew has been established and is replacing approximately 2,500 feet of water lines a month including all related appurtenances by utilizing state of the art equipment and technologies.

The **Water Plant** consists of a surface water treatment plant and a groundwater well system, including pumping and transfer facilities to provide safe drinking water of adequate quantities and sufficient pressure while meeting all State and Federal regulations. The Surface Water Treatment Plant is rated at 40 million gallons per day (MGD). The ground water well system is a 17 MGD facility consisting of three deep wells, four booster pumps and two 5 million gallon (MG) ground storage tanks. Well number two was replaced and is in operation since March 2009. The City has six elevated water storage tanks with 6.8 MG of storage capacity including the new two MG tank on Dishman Road, four ground water storage tanks with 17.7 MG of storage capacity, for a total of 24.5 MG of storage capacity. The Water Treatment Plant is fully operable using SCADA controls that monitor water quality and automatically shuts down the water discharge to the customers in case of water quality discrepancies.

**Sewer Maintenance and Repair** is responsible for maintaining, flushing, and cleaning 760 miles of sanitary sewer collection lines, 10,900 sanitary sewer manholes, 78 sanitary sewer and 10 storm sewer lift stations, several large motors and pumps. This Division installs new sanitary sewer line extensions and renews existing services. Two pipe bursting crews have been established and are rehabilitating approximately 6,000 feet of sanitary sewer lines a month including all related appurtenances.

**Quality Control** oversees operations to ensure high quality performance and compliance with State and Federal regulations. This Division administers the EPA's Pretreatment Program; supervises the employees at the Water Treatment and Sewer Treatment Plants laboratories; enforces the Backflow Prevention regulations; implements the Grease and Grit Trap Ordinance; oversees the Safety Program; responds to customer concerns on water quality, and provides public education on water and wastewater items.

## WATER UTILITIES

The **Sewer Treatment Plant** consists of a 47 MGD trickling filters Wastewater Treatment Plant, a 650 acre Cattail Marsh, and a 250 acre natural wetlands system, which provides adequate treatment of wastewater before discharging it into the receiving stream. The Cattail Marsh wetlands system located next to Tyrrell Park, is undergoing rehabilitation. The wastewater effluent must meet stringent regulations required by TCEQ and the EPA. A 20 acre 10 foot deep equalization lagoon was added to the treatment process increasing the Plant's capacity by approximately 70 MG.

**Non-Operating and Debt Service** provides for costs not reported within a specific water function. Non-operating includes capital acquisitions, construction projects generally under \$100,000, payment in lieu of taxes and transfers to other funds. Debt Service provides for the repayment of debt related to bond issues and capital leases.

## **WATER REVENUE BOND RESERVE FUND**

---

The **Water Revenue Bond Reserve Fund** is established pursuant to the bond covenant for the following bond issues:

\$6,540,000 Waterworks and Sewer System Revenue Refunding Bonds, Series 2010  
\$5,980,000 Waterworks and Sewer System Revenue Refunding Bonds, Series 2010A  
\$19,040,000 Waterworks and Sewer System Revenue Refunding Bonds, Taxable Series 2010B  
(Build America Bonds - Direct Payment to Issuer)

The revenues in the fund are derived directly from the revenues of the water and sewer system through monthly transfers and shall be used to pay the principal and interest on the outstanding revenue bonds at any time there is not sufficient money available in the Water Fund to meet the debt service obligation.

## SOLID WASTE

---

The Solid Waste Division provides a wide range of programs and services for the City of Beaumont ranging from solid waste management and environmental services to community beautification and enhancement programs. Solid Waste is administered by the Water Utilities Department.

**Residential** is responsible for automated garbage collection from single family residential households and small commercial establishments. Once per week collection service is provided.

**Yard Waste Collection** is responsible for collection of small yard waste (such as leaves, grass clippings, small twigs and branches) from single family residential households. Once per week collection service is provided.

**Heavy Trash Collection** is responsible for collection of large yard waste, furniture, tires, appliances/white goods, and miscellaneous heavy debris from single family residential households. During the collection process, green waste is separated for composting, tires and major appliances are separated for recycling, and trash is separated for landfill disposal. Twice per month collection service is provided by zip code.

**Landfill Operations** is responsible for waste disposal in accordance with Federal and State rules and regulations. The program is also responsible for composting yard waste and making the final product available to the citizens at no cost. Tire and major appliance recycling are included in landfill operations.

**Non-Operating and Debt Service** is used to account for the department's capital, transfers to other funds, in lieu of tax payment, and long-term debt expenses.

## **SPECIAL REVENUE AND OTHER FUNDS**

---

**Special Revenue Funds** are used to account for revenues allocated for restricted purposes as specified by law.

The **Hotel Occupancy Tax Fund** is used to account for the "HOT" tax received and used to promote tourism and the arts.

The **Municipal Airport Fund** is used to account for the operations of the Beaumont Municipal Airport.

Discussion related to the **Henry Homberg Golf Course Fund** is located in the General Fund Parks and Recreation Department.

The **Municipal Transit Fund** is used to record operations of the Beaumont Municipal Transit System. The Planning & Community Development Department has oversight responsibility for the operations of the Transit System.

**Other Special Revenue Funds** include confiscated goods and various other Special Revenue and Permanent funds with restricted uses. These funds budget for the use of all available funds.

**HOTEL OCCUPANCY TAX FUND**

## INTERNAL SERVICE FUNDS

---

**Internal Service Funds** are used to account for the financing of goods and services provided by one department to other departments of the City on a cost reimbursement basis similar to an enterprise fund where costs are recovered through user charges.

The **Capital Reserve Fund** accounts for revenues and costs associated with the purchase and replacement of the City's fleet vehicles and equipment, related lease purchases, and facility improvements.

Discussion related to the **Fleet Management Fund** is located in the General Fund Finance Department.

Discussion related to the **Employee Benefits Fund** is located in the Finance Department.

Discussion related to the **General Liability Fund** is located under City Attorney in the General Fund.

**CAPITAL RESERVE FUND**

**STATEMENT OF REVENUES AND EXPENDITURES**

	<u>Actual FY 2014</u>	<u>Budget FY 2015</u>	<u>Estimated FY 2015</u>	<u>Budget FY 2016</u>

May 15, 2015

City Council:

The proposed Capital Program for Fiscal Years 2016-2020 is hereby submitted. The Capital Program is a plan prepared annually to provide for both short and long range physical development within the City of Beaumont. The City Charter requires the submission of the Capital Program to Council three (3) months prior to the final date for submission of the budget, which is August 15th of each year. The Program is adopted with the annual operating budget.

Generally, a capital improvement has the following characteristics: relatively high monetary value (at least \$100,000), long life (will last at least 10 years), and results in either the creation of a capital asset, or the revitalization of one. Capital assets are resources owned by the City which have monetary value, long-term character and will be held or used. Examples are land, buildings, and improvements to land other than buildings. Included within the above definition are the following specific items: purchase, improvement and development of land; construction of new facilities for the delivery of City services; remodeling of existing facilities; and the planning/engineering costs related to specific improvements of the type listed above.

The Capital Program includes a listing of all Public Works, General Improvements and Water and Sewer improvement projects along with project descriptions and cost estimates. Public Works includes street and storm water drainage projects; General Improvements include general municipal buildings and facility improvements. Water and Sewer includes all projects related to water and sewer infrastructure.

Approved projects are classified in three phases: **construction, design, or projects for consideration**. A project classified in the **construction** phase is currently under construction or is projected to begin construction within the recommended time schedule. Projects classified as **design** are currently being designed or projected to be designed in the recommended time schedule. The design phase may also include projects where the acquisition of rights-of-way or real property is currently underway or is projected to be acquired in the recommended time schedule. Projects classified as **for consideration** includes projects that are designed but not yet funded and projects that will be considered in the future as funding becomes available.

Financing for the Capital Program is provided by the “cash flow” approach, whereby debt is issued to complete ongoing projects and to commence new projects. This approach provides the most efficient use of citizens’ dollars by allowing multi-year projects to be initiated without issuing debt for the full cost of the projects at the time of project commencement. All available funding sources are considered including Certificates of Obligation, grant funding from various agencies, Water and Sewer Revenue Bonds, and available cash.

Based on a “cash flow” approach, the City issues Certificates of Obligation (CO’s) on an as needed basis, to provide sufficient cash flow for active Public Works and General Improvement projects.

Funding for Water and Sewer projects is determined in a similar manner as the Public Works and General Improvement projects in that it uses the cash flow approach; however, Water Revenue Bonds are issued rather than tax supported Certificates of Obligation. This type of bond is serviced utilizing revenues from water and sewer customers.

Through projects in the Capital Program, the City of Beaumont strives to enhance the quality of life for its residents. This plan represents our best effort to identify projects that provide the greatest benefit to the citizens of Beaumont.

Respectfully Submitted,

Handwritten signature of Kyle Hayes, consisting of stylized initials 'K' and 'H'.

Kyle Hayes  
City Manager

North Street - ML King to Twenty-Third	1,208,000	
Pointe Parkway North	500,000	
Washington - Langham to Major	2,076,000	

## WATER AND SEWER PROJECTS

<u>Projects for Consideration</u>	<u>Estimated Cost</u>	<u>Recommended Time Schedule FY 2016 - 2020</u>
<b><i>Water Projects:</i></b>		
36" Transmission Line	\$ 8,800,000	
Tyrrell Park Lift Station Rehabilitation	750,000	
Sewer Plant Ground Improvements	1,000,000	
Water Plant Improvements - Phase II Construction	7,500,000	
Weiss Bluff Pumping Station	3,000,000	
Weiss Canal Stabilization	3,500,000	
<b><i>Sewer Projects:</i></b>		
48" Interceptor Rehabilitation	3,400,000	
66" and 21" Trunk Line Rehabilitation	4,000,000	
72" and 36" Trunk Line Rehabilitation	6,000,000	
Sewer Plant Sludge Treatment Improvements	5,900,000	
<b><i>Water/Sewer for Street Projects:</i></b>		
Babe Zaharias Drive	50,000	
Broadway - Eleventh Street to ML King	925,000	
Dowlen Road - Delaware to Gladys	756,000	
East Lucas - US 69 N to Pine	2,304,000	
Eleventh Street - Washington to US 69 N	528,000	
Folsom Extension	220,000	
Gulf Street - Live Oak to Delaware	624,000	
Irving Street - Buford to Washington	539,000	
North Main Street - Calder to Railroad Tracks	204,000	
Phelan Boulevard - IH-10 to Dowlen	708,000	
Pine Street - IH-10 to Crockett	528,000	
Sabine Pass - Emmett to ML King	1,020,000	

## **PUBLIC WORKS PROJECTS**

### **AVENUE A – WASHINGTON BOULEVARD TO ELGIE STREET**

This section of Avenue A is a three-lane concrete roadway that provides access from Washington Boulevard to Elgie Street. The project will consist of reconstructing the existing roadway as a concrete curb and gutter street with planned sidewalks. Also included is the installation of city utilities and new laterals, inlets, and storm sewer conveyances to relieve street flooding. The estimated cost of the project is \$2,600,000.

### **BABE ZAHARIAS DRIVE**

Babe Zaharias Drive is located within Tyrrell Park and is a two-lane asphalt roadway with open ditches. The project will consist of reconstructing the existing roadway with concrete pavement and open ditches. The estimated cost of the project is \$2,300,000.

### **BROADWAY – ELEVENTH TO ML KING**

This section of Broadway consists primarily of a two-lane concrete curb and gutter street. The existing concrete has reached the end of its useful life. The age of the pavement in combination with numerous utility cuts has resulted in numerous failures that require complete reconstruction of the roadway. Construction will also include the installation and replacements of inlets, manholes, storm sewer conveyances, and laterals to relieve street flooding. The estimated cost to reconstruct Broadway is \$10,000,000.

### **CALDWOOD OUTFALL**

When completed, this project will increase the capacity of the Caldwood Addition Outfall and relieve street flooding. The project includes installation of inlets, laterals and storm water conveyances on Bristol, Sunbury, Medford, Canterbury and the reconstruction of the streets. Also included is the installation of new laterals, replacement of inlets, storm sewer conveyances, city utilities and reconstruction of Cross, North Caldwood, Central Caldwood, South Caldwood and West Caldwood Streets. The estimated cost of this project is \$9,500,000.

### **COLLEGE STREET - IH-10 TO GOLIAD**

The section of College from Goliad to Eleventh Street was constructed in the mid 1980's. At that time the street was constructed with an asphalt surface due to funding availability. This section has reached the end of its useful life and is beginning to experience pavement failures. The project will provide for the reconstruction of College, with concrete pavement, including the installation of new laterals, addition and replacement of inlets, upgrading and replacement of storm sewer laterals and conveyances, city utilities, and sidewalks from IH-10 to Goliad. Estimated cost of this project is \$13,000,000.

### **CONCORD ROAD - PHASE IV - EAST LUCAS TO HWY 105**

This project will relieve the north/south traffic congestion on Eastex Freeway and provide an extension of ML King. The first three phases and the Delaware Outfall have been completed. Phase IV includes the reconstruction of Concord Road including storm sewer conveyances, inlets, laterals, manholes, city utilities, and sidewalks from East Lucas to Highway 105. The Federal Highway Administration is expected to fund up to \$7,560,109 for this phase of the project. The total project cost is \$18,000,000.

### **DISHMAN OVERLAY – N. MAJOR TO KEITH**

This section of Dishman would receive an asphalt overlay. Estimated cost of this project is \$600,000.

### **DOWLEN - COLLEGE TO WALDEN**

The extension of Dowlen Road to the south of College is needed to provide an additional north/south corridor in the developing southwest area of the City. Specifically, it will extend from College to Walden Road. This project will consist of the construction of concrete curb and gutter roadway and installation of storm sewer lines, inlets, manholes, city utilities and sidewalks. The right-of-way has been donated by property owners adjacent to the corridor. Estimated cost for this project is \$15,500,000. The City has been awarded federal funding in the amount of \$2,764,800 for this project.

### **DOWLEN - DELAWARE TO GLADYS**

The section of Dowlen Road from Delaware to Gladys is beginning to experience failures at or near the catch basins. This project will include the rehabilitation of the entire roadway section including the addition and replacement of inlets and manholes, replacement and upgrading of storm sewer conveyances and laterals to relieve street flooding and city utilities and sidewalks. Estimated cost is \$7,250,000.

### **DOWLEN - US 69 N TO DELAWARE**

The section of Dowlen Road from US 69 to Delaware is beginning to deteriorate along the curb lane, primarily at or near the catch basins. This project includes the replacement and addition of inlets, laterals, manholes, and storm sewer conveyances to relieve street flooding as well as city utilities and sidewalks. Additionally, the project will relieve congestion in the Parkdale Mall area by adding an additional lane from US 69 to Old Dowlen Road. The estimated cost of the project is \$14,800,000. A portion of this project will be funded by Airport oil and gas revenues.

### **EAST LUCAS - US 69 N TO PINE**

The section of East Lucas from U.S. 69 North to Magnolia is a four and five lane concrete curb and gutter street and a two-lane asphalt roadway from Magnolia to Pine Street. This project will consist of reconstructing the street from U.S. 69 North to Magnolia at an estimated cost of \$13,000,000 and constructing a three-lane concrete curb and gutter street, including inlets, underground storm water system, sidewalks and city utilities from Magnolia to Pine at an estimated cost of \$5,600,000. The total estimated cost of this project is \$18,600,000.

### **ELEVENTH STREET - WASHINGTON TO US 69 N**

Eleventh Street from Washington to US 69 is experiencing failures from numerous utility cuts and base failures. Sections of the concrete curb and gutter roadway have been overlaid with asphalt to extend the life of the street. Construction will also include the installation and replacements of inlets, manholes, storm sewer conveyances, and laterals to relieve street flooding. The estimated cost of this project is \$26,500,000.

### **FOLSOM EXTENSION**

The extension of Folsom Road to the west of Major Drive is needed to provide an additional east/west corridor in the developing northwest area of the City. Specifically, the first extension would be 800 linear feet west of Major to allow for development of the intersection. Estimated cost for this project including right of way is \$800,000.

### **GLADYS STREET - IH-10 TO DOWLEN**

Gladys Street from IH-10 to Edson is a four-lane concrete curb and gutter roadway. The section from Edson to Dowlen is a two-lane asphalt roadway with curbs and gutters. This section of Gladys would receive an asphalt overlay. The estimated cost of this project is \$1,100,000.

### **GULF STREET - LIVE OAK TO DELAWARE**

Gulf Street from Live Oak to Regent consists of a three-lane asphalt street with curb and gutter. The section from Regent to Delaware is a two-lane concrete roadway. The roadway experienced heavy degradation and distress due to its age and increasing vehicular traffic. Additionally, Beaumont Housing Authority received a HOPE VI Grant to construct new housing on the old Fair Park site. This new development also necessitates improving the street to a three-lane concrete curb and gutter section from Live Oak to Delaware. The estimated construction cost of this project is \$3,650,000.

### **HIGH SCHOOL DITCH DRAINAGE PROJECT**

There are two remaining phases of the High School Ditch Drainage Project, South and North. Each section consists of the installation of trunk lines, inlets, manholes and connecting pipe improvements that are required to complete the drainage improvements in the entire High School Ditch area. This area covers approximately 600 acres from IH-10 on the north, South Street on the south, 1<sup>st</sup> Street on the East and 11<sup>th</sup> Street on the West. The area is served mostly by an underground storm sewer system. Estimated cost for this project is \$12,600,000.

### **IRVING STREET - BUFORD TO WASHINGTON**

Irving Street, from Buford to Washington, is a major collector street. The section from Washington to Madison is a four-lane truck route for the industrial district located east of Carroll Street and along Gulf States Road. The section from Buford to Madison is a two-lane road. The existing concrete pavement is deteriorating and should be replaced. Estimated cost for this project is \$5,000,000.

### **LAUREL - IH-10 TO OFFICE PARK**

Due to increased traffic from the Liberty/Laurel project, the widening of Laurel, between the IH-10 west service road and 23rd Street, into a four-lane roadway is proposed. This project will relieve traffic congestion in the area, particularly during heavy traffic hours. Also, included is the provision for a direct connection between Laurel and the Liberty-Laurel overpass project. The short connection between these two projects is needed to complete the roadway system involved with the IH-10 overpass. Estimated cost for this project is \$6,700,000.

### **LONG OVERLAY – FIRST TO ELEVENTH**

This section of Long would receive an asphalt overlay. Estimated cost of this project is \$650,000.

### **MAGNOLIA OVERLAY - FANNIN TO GILL**

This section of Magnolia would receive an asphalt overlay. The estimated cost of the project is \$4,750,000.

### **NORTH MAIN STREET- CALDER TO RAILROAD TRACKS**

The pavement on North Main from Calder to the Santa Fe railroad track has experienced numerous failures due to the large trees adjacent to the roadway. Although the street has been overlaid on several occasions, the difference in pavement elevation at the curb necessitates the replacement of the existing roadway. Estimated cost of the project is \$3,000,000.

### **NORTH STREET- ML KING TO TWENTY-THIRD**

The section of North Street from ML King to Twenty-Third Street is a two-lane roadway with an asphalt surface and concrete curbs and gutters. This project consists of reconstructing the roadway as a concrete street with left turn lanes at the major intersections. Included in the project is the roadway reconstruction of 10th, 15th, and 23rd Streets from North to Calder. Estimated cost of this project is \$13,000,000.

### **NORTHWEST PARKWAY**

The proposed parkway will connect Parkdale Mall with Old Dowlen Road, Major Drive, and Folsom Road. The connection with Major Drive will be with existing Homsar Boulevard and the connection with Folsom will be with existing Pointe Parkway. Estimated cost for the project is \$9,800,000.

### **OLD CALDER – PHELAN TO ARLINGTON**

This section of Old Calder would receive an asphalt overlay. Estimated cost of this project is \$800,000.

### **OLD DOWLEN - DOWLEN TO HWY 105**

Due to significant development in the Parkdale Mall area, a very high demand has been placed on Old Dowlen Road between Dowlen and Hwy 105. Federal funding was secured in FY 2007 to reconstruct Old Dowlen to a four-lane concrete curb and gutter section. Additionally, the relocation of the northern section to tie in with the intersection of Caswell and Hwy 105 is proposed to accommodate the various intersection movements that are occurring at the existing Old Dowlen and Hwy 105 intersection. This relocation will allow the installation of a signal at the proposed intersection that is not currently feasible due to the close proximity of Old Dowlen to Eastex Freeway. The \$9,000,000 project includes Texas Department of Transportation Category 11 funding in the amount of \$4,000,000. The balance of \$5,000,000 will be funded by the Airport oil and gas revenues.

### **PHELAN BOULEVARD - IH-10 TO DOWLEN**

The section of Phelan Boulevard from IH-10 to Dowlen Road was constructed in the early to mid 1970's and is reaching the end of its design life. This is a heavily-traveled roadway that serves as a major connector from the downtown area to the west end of the City. This section of Phelan would receive an asphalt overlay. The estimated cost for this project is \$1,400,000.

### **PINE STREET - IH-10 TO CROCKETT**

Pine Street from Crockett Street to IH-10 is a heavily-traveled roadway that provides access to IH-10 from the downtown area. The current pavement is experiencing failures and has had several overlays. It is now necessary to replace the entire roadway. The total estimated cost of the project is \$5,375,000.

### **POINTE PARKWAY NORTH**

Pointe Parkway North will directly tie into Northwest Parkway and provide a direct interconnection with Highway 105. Estimated cost for the project is \$3,400,000. The right of way and the design phase costs will be paid for by Northwest Beaumont Development LTD.

### **SABINE PASS - EMMETT TO ML KING**

Sabine Pass, from Emmett to ML King, is a two-lane roadway consisting of an asphalt surface with concrete curbs and gutters. Due to various utility installations within the roadway, settlement has occurred which has adversely affected riding conditions. Estimated construction cost, including drainage improvements, is \$4,200,000.

### **SOUTH PARK RELIEF**

This project will install additional storm sewer boxes and pipes connecting them to the existing drainage system. These interconnects will allow for the re-direction of flow to the Neches River significantly increasing the capacity of the drainage system and reducing flooding. Drainage and streets to be improved include E. Threadneedle Street, Reed St., Grandberry St., Adams St., MLK Parkway, E. Lavaca, E. Woodrow, Maddox St., and E. Virginia. The total cost of this project is \$14,290,000.

### **STORM WATER MASTER PLAN**

The Master Drainage Plan study will build upon and update the current City of Beaumont Master Drainage Plan completed in 1981. The purpose of this study is to develop a master drainage plan to provide the City with sufficient, up-to-date, and accurate information to systematically plan and manage its drainage systems and provide a higher level of flood protection to its citizens, communities, properties and infrastructure investment. The estimated cost is \$1,500,000.

### **STREET REHABILITATION PROGRAM**

Residential and arterial streets will be identified on an annual basis. The City would spend an estimated \$7,500,000 per year.

### **WASHINGTON - IH-10 TO ML KING**

Washington Boulevard from ML King to IH-10 is a heavily traveled four-lane roadway that provides access from the east to the west ends of Beaumont. The current roadway has a combination of continuous left-turn lanes, left-turn lanes at major intersections and sections with no left-turn lanes. The existing pavement is beginning to experience numerous failures and will require rehabilitation. The project has been divided into two phases. Phase I is from ML King to Amarillo Street which is currently under construction and Phase II is from Amarillo Street to IH-10. The total cost of the rehabilitation of the existing roadway is \$30,200,000. This project is funded by Airport oil and gas revenues.

### **WASHINGTON - LANGHAM TO MAJOR**

It is desirable to continue Washington Boulevard from Langham Road to Major Drive as a four-lane arterial street. The section from IH-10 to Langham was a participation project with TxDOT and has been completed. The completion of the last section should be scheduled to coincide with improvements on Major Drive. Estimated cost for this project \$13,400,000. Federal funding of \$3,080,000 has been awarded for this project.

## **GENERAL IMPROVEMENT PROJECTS**

### **AIRPORT IMPROVEMENTS PROJECT**

This project includes constructing a 12,000 SF Hangar with 2,500 SF office; 8-unit T-Hangar; removal of two (2) existing T-Hangars, and the relocation of a parallel taxiway. Estimated cost is \$4,836,000 which will be funded by revenues from the Municipal Airport Fund.

### **ANIMAL SERVICES AND ADOPTION CENTER**

The existing Animal Services facility is outdated and in need of additional kennels. This project would relocate the facilities to Tyrrell Park, near the Tyrrell Park Stables. The planned improvements include minor renovations to the existing Range House to accommodate three to four offices. A new facility would be constructed with offices for adoption services, kennels, secured areas for animals to exercise and parking lot improvements. The estimated cost for these improvements is \$2,600,000.

### **FIRE HEADQUARTERS RENOVATION**

This project includes the addition of an annex building behind Fire Headquarters and renovating the existing 1927 historic building to provide needed professional office and storage space, controlled public access and security for the fire department's administration, logistics and planning sections including the Fire-EMS Dispatch and Communications Center. The estimated cost of the project is \$3,000,000.

### **FIRE STATION NO. 1 RELOCATION**

Fire Station No. 1 will be relocated from 747 College Street to the corner of Caldwell and Gulf Street on Babe Zaharias Park property. Fire Station No. 1 was constructed in 1981 and has substantial foundation failures. The relocation would provide a centralized City-wide location providing quick access to all areas of the community due to the proximity to the interstate, ML King and Concord Roads. The estimated cost of the new station, including a training classroom, a drill tower, and storage and maintenance areas is \$6,500,000.

### **FLEET FIRE MAINTENANCE FACILITY**

This project would provide for the construction of a 60' x 100' mechanic shop facility at the Lafin Road Fleet Service Center. The former Municipal Transit Building on Milam Street is currently being used by the Fleet Maintenance Division for servicing equipment owned/operated by the Fire Department. Moving all of the City's Fleet Maintenance operations to a single site will reduce operating costs, allow for better utilization of available manpower, and improve management's control over the quality and quantity of work performance. The estimated cost of this project is \$2,120,000.

### **FLEET SERVICE CENTER IMPROVEMENTS**

The Fleet Service Center parking lot and drive is constructed of concrete and is experiencing numerous failures. This project involves the reconstruction of the majority of the parking lot and will also include those areas that are used for parking and not currently paved. In addition, the design will improve drainage and the collection of storm water. The estimated cost is \$2,650,000.

### **LANDFILL CELL CONSTRUCTION**

The cell at the landfill receiving garbage at this time will reach its capacity in approximately two years. The proposed project will construct the liner and all related appurtenances for the next cell. The projected life of the next cell is approximately 6.5 years. Estimated cost of this project is \$1,900,000.

### **RIVERFRONT DEVELOPMENT**

The Port of Beaumont relocated their railcar interchange yard that was located behind the Civic Center and City Hall and adjacent to Riverfront Park. Five of the six rail tracks were removed which will allow for development along the Neches River from Elizabeth Street at Cypress Street to the KCS Bridge. Amenities to be funded as a part of this project may include pedestrian/bike paths, landscaping and infrastructure improvements to facilitate possible hotel, restaurant, retail or other developments. Estimated cost is \$3,000,000.

### **SENIOR CENTER**

A new facility is proposed to replace the current location of the Best Years Center. The proposed facility would accommodate the activities of our senior citizens' program. Construction of a 21,000 SF building, 2,000 SF Library and 3,000 SF rooftop space to be leased out, is proposed. Estimated cost for this project is \$6,500,000.

### **TYRRELL PARK NATURE AND BIRDING CENTER**

The Tyrrell Park Recreation Building would be converted into a Nature and Birding Center in conjunction with a community center available for lease by the public. The renovation of the existing building would include an adaptive restoration defined as restoring the original structure while making modifications for the construction of new accessible restrooms and a catering area. This plan includes a Nature and Birding Center that would highlight the Cattail Marsh facility and other birding attractions in Southeast Texas. Improvements would also include the construction of a new parking lot for the building. The estimated cost of this project is \$3,500,000.

## **WATER AND SEWER PROJECTS**

### **36" TRANSMISSION LINE**

This project will extend a 36" water transmission line from the Water Treatment Plant on Pine Street to Dishman Road to supply the new 2 million gallon elevated storage tank on Dishman Road with water providing for a dual feed system. In addition, it will increase the water pressure in areas along its path. Estimated cost of this project is \$8,800,000.

### **36" LONGFELLOW INTERCEPTOR REHABILITATION**

This project will rehabilitate approximately 9,000 linear feet of 36 inch sanitary sewer pipe on Longfellow from Kenwood to Laurel Street. The project was initiated due to the failing joints and large number of cavities in the existing spiolite pipe causing infiltration of storm water, increasing the number of overflows and impacting the Wastewater Treatment Plant's efficiency. Estimated cost of this project is \$3,000,000.

### **48" INTERCEPTOR REHABILITATION**

This project will rehabilitate approximately 8,800 linear feet of 48 inch sanitary sewer pipe from 23<sup>RD</sup> Street Lift Station to Washington Boulevard. The project was initiated due to the failing joints and large number of cavities in the existing concrete pipe causing infiltration of storm water, increasing the number of overflows and impacting the Wastewater Treatment Plant's efficiency. Estimated cost of this project is \$3,400,000.

### **54" CENTRAL TRUNK REHABILITATION**

This project will rehabilitate 8,900 linear feet of 54 inch sanitary sewer pipe from Washington Blvd. to Emmitt Street. The project was initiated due to the failing joints and large number of cavities in the existing concrete pipe causing infiltration of storm water, increasing the number of overflows and impacting the Wastewater Treatment Plant's efficiency. Phase I from 11th Street to Blanchette (3,400 linear feet) has been completed. Estimated cost of this project is \$4,410,000.

### **66" and 21" TRUNK LINES REHABILITATION**

The 66 inch trunk line that extends 7,900 linear feet from Washington Boulevard to Phelan Boulevard and the 21 inch line that extends 9,800 linear feet from Myers to Granger are over fifty (50) years old and have exceeded their life expectancy. The rehabilitation of this line will reduce infiltration of storm water in the sewer system and decrease the number of sanitary sewer overflows. Estimated cost of this project is \$4,000,000.

### **72" and 36" TRUNK LINE REHABILITATIONS**

The 72 inch trunk line extends 5,200 linear feet from the Wastewater Treatment Plant, under the Hildebrandt Bayou, and to the Tyrrell Street Lift Station. The line was constructed in 1973 and serves the entire west end area. The 36 inch trunk line extends 8,700 linear feet from an area south of the Lower Neches Valley Authority Port Arthur canal near Romeda Drive to the intersection of Florida Avenue and Cardinal Drive. The project would complete the rehabilitation from the Florida Lift Station to the Wastewater Treatment Plant. In past years several cavities and failed manholes have been discovered along the trunk lines. The rehabilitation of these lines will significantly reduce infiltration of storm water into the system, and decrease the number of sanitary sewer overflows. Estimated cost of this project is \$6,000,000.

### **ADDITIONAL WATER SUPPLY SYSTEM**

This project will increase the City's well capacity by 30 million gallons a day. The proposed water capacity increase will be supplied by two or three wells located adjacent to the Wiess Canal in northern Orange County. The ground water will be pumped into the Wiess Canal and transferred to the City's Water Treatment Plant for processing and distribution. The additional capacity will make up for any shortage from the Neches River. Estimated cost of this project is \$8,000,000.

### **ARTHUR LANE, HOLIDAY STREET, AND VOTH ROAD LIFT STATIONS**

This project will provide for the replacement of the Arthur Lane, Holiday Street, and Voth Road lift stations. Estimated cost of this project is \$1,500,000.

### **AUTOMATIC FLUSHING DEVICES**

Federal and State regulations require the City of Beaumont to maintain chlorine residual in the water distribution system. The dead-end lines in the system must be flushed on a weekly basis to be able to maintain the required residual and protect public health and safety. The increased cost of labor and equipment utilized in manually flushing the dead-end water lines will be eliminated by the installation of the automatic flushing devices. In addition, such devices will help the City measure and record the volume of water used during the flushing operations. Estimated cost of this project is \$100,000.

### **BUNNS BLUFF PUMPING STATION**

This project will provide for the construction of a 50 MGD raw water pumping station and raw water intake on the Neches River at Bunns Bluff. Low water levels in the Neches River will prevent the gravity flow of the raw water into the raw water canal. The improvements will provide pumping capabilities for continuous uninterrupted raw water source. Estimated cost of this project is \$2,800,000.

### **DEGRITTER - SEWER PLANT**

This project will provide a degritting system and screens at the head of the Wastewater Treatment Plant to remove solids and protect the integrity of the pumps and equipment inside the Plant. Estimated cost of this project is \$8,000,000.

### **DOWNTOWN SEWER LIFT STATION**

This project will provide for the construction of a new sanitary sewer lift station to combine the existing Mulberry and Wall Street lift stations. The proposed improvement will include the construction of a new lift station, abandonment of the existing lift stations, and installation of a network of force mains. Estimated cost of this project is \$2,300,000.

### **DRINKING WATER QUALITY ASSESSMENT**

This project will include a desktop evaluation of historic source and treated water quality related to "brown water" events, a manganese fractionation analysis through the Surface Water Treatment Plant and select locations in the City's distribution system, a desktop study of viable physical and chemical cleaning technologies for maintenance of the distribution system, testing of up to two of these technologies using excavated pipe from the City's distribution system, desktop evaluation of alternatives for distribution storage reservoir mixing, and a draft and final report of results. Estimated cost of this project is \$275,000.

### **FLORIDA AVENUE INTERCEPTOR**

The Florida Avenue Interceptor was constructed in 1947. It is approximately 5,100 linear feet consisting of 27 inch and 24 inch concrete pipe. The interceptor extends from the Florida Avenue Lift Station to University Drive. This project was initiated due to failing joints and a large number of cavities in the existing concrete pipe causing infiltration of storm water, interrupting service, increasing the number of overflows and impacting the Florida Avenue Lift Station's efficiency. Estimated cost of this project is \$2,000,000.

### **FOLSOM ROAD, MAJOR DRIVE, & SAN ANSELMO STREET LIFT STATION REHABILITATION**

This project will provide for the rehabilitation for three sanitary sewer lift stations. They are the Folsom Road, Major Drive, and San Anselmo Street lift stations. The estimated cost of this project is \$200,000.

### **HARRIOT STREET LIFT STATION REHABILITATION**

This project will rehabilitate the Harriot Street Lift Station and convert it from a dry-pit station into a submersible type lift station. The project provide for the abandoning of the existing station and construction of a new wet well, new electrical controls, remote monitoring equipment, and related site work. The estimated cost of this project is \$2,000,000.

### **KEITH ROAD WATER LINE INSTALLATION - PHELAN TO DISHMAN ROAD**

This project will provide for the installation of a 16" water line on Keith Road from Phelan Boulevard to Dishman Road. The proposed water line will connect the existing 16" water line at the intersection of Keith Road and Phelan Boulevard to the existing 16" water line on Dishman Road providing a looped water system. Estimated cost of the project is \$720,000.

### **LIFT STATION REPAIRS**

The City of Beaumont owns, operates and maintains 78 sanitary sewer lift stations throughout the City. This project will rehabilitate deteriorated stations that require constant maintenance. Estimated cost of this project is \$300,000 per year.

### **LOEB WELL NO. 1 ELECTRICAL IMPROVEMENTS**

This project will replace the electrical controls and components at Loeb Well No. 1. The existing electrical components have deteriorated and are a safety hazard. Loeb Well No. 1 is used to pump treated ground water to the water distribution system. The estimated cost of this project is \$700,000.

### **PRIMER STREET SEWER LIFT STATION**

This project will rehabilitate the Primer Sanitary Sewer Lift Station located on Primer Street. The project will install new wet well, pumps, electrical controls, remote monitoring equipment and fencing. The estimated cost of this project is \$1,100,000.

### **REHABILITATION OF PRISON ELEVATED STORAGE TANK**

This project will rehabilitate the interior and exterior of the Prison Elevated Storage Tank located between Highway 96/69 and West Port Arthur Road adjacent to the State Prison complex. The project will also paint the existing booster pumps and piping network. Estimated cost of the project is \$500,000.

### **REHABILITATION OF WEST ELEVATED STORAGE TANK**

This project will rehabilitate the interior and exterior of the West Elevated Storage Tank located just east of IH-10 at Laurel Avenue. Estimated cost of the project is \$950,000.

### **RAILROAD INTERCEPTOR REHABILITATION**

The Railroad Interceptor was constructed in 1985 as part of the EPA's initiative to separate storm water from sanitary sewer flows. This project will rehabilitate approximately 1,039 linear feet of 24", 900 linear feet of 27", 1,279 linear feet of 30", 5,275 linear feet of 36", 4,924 linear feet of 48" sanitary sewer pipe. The project will also rehabilitate approximately 16,000 linear feet of associated small diameter sanitary sewer mains. The limits of the project extend from Interstate 10 to Wall Street. The project was initiated due to the failing joints and large number of cavities in the existing concrete pipe causing infiltration of storm water, increasing the number of overflows and impacting the Wall and Avenue C lift station. Estimated cost of the project is \$3,700,000.

### **SABINE PASS INTERCEPTOR REHABILITATION**

This project will rehabilitate approximately 3,595 linear feet of 24", 3,870 linear feet of 30", 3,151 linear feet of 33", and 2,671 linear feet of 36" sanitary sewer pipe that travels primarily along Sabine Pass Avenue. The project will also rehabilitate approximately 7,000 linear feet of associated small diameter sanitary sewer mains. The limits of the project extend from Mulberry Street to Harriot Street. The project was initiated due to the failing joints and large number of cavities in the existing concrete pipe causing infiltration of storm water, increasing the number of overflows and impacting the Harriot Street Lift Station. Estimated cost of the project is \$3,800,000.

### **SEWER INTERCEPTOR REHABILITATION - CITY-WIDE**

This project will rehabilitate approximately 20,000 linear feet of sanitary sewer pipes ranging in size from 20 to 60 inches in diameter located City wide. In past years, several cavities and failed manholes have been discovered along the major trunk lines. The rehabilitation of these lines will significantly reduce infiltration of storm water into the system and decrease the number of sanitary sewer overflows. Estimated cost of this project is \$6,000,000.

### **SEWER INTERCEPTOR REHABILITATION - MATTHEW ROAD AND PHELAN BLVD. TO MAJOR DRIVE NORTH TO FOLSOM**

This project will rehabilitate approximately 18,000 linear feet of 6, 8, 10, 12, 15, 16, 42, and 54 inch sanitary sewer pipes from Mathews and Phelan Boulevard, along Drainage District #6 to Major Drive North to Folsom. In past years several cavities and failed manholes have been discovered along the trunk lines. The rehabilitation of these lines will significantly reduce infiltration of storm water into the system, and decrease the number of sanitary sewer overflows. Estimated cost of this project is \$6,000,000.

### **SEWER PLANT CHLORINE DISINFECTION SYSTEM IMPROVEMENTS**

The chlorine disinfection system at the Wastewater Treatment Plant has deteriorated and must be replaced. This project will replace the existing chlorine contact basin with a reinforced concrete basin at the same location, and will provide for the replacement of the existing chlorine disinfection equipment. Estimated cost of this project is \$2,500,000.

### **SEWER PLANT CLARIFIERS REHABILITATION**

The eight clarifiers at the Wastewater Treatment Plant have deteriorated and need major rehabilitation. The project will replace all the mechanical components and rehabilitate all the structural elements. Estimated cost of this project is \$3,800,000.

### **SEWER PLANT ELECTRICAL IMPROVEMENTS**

The main control room at the Wastewater Treatment Plant is located on the bottom floor of the pump room and can be subject to flooding. The proposed improvements will relocate all the equipment to a higher elevation in a new building. Estimated cost of this project is \$1,400,000.

### **SEWER PLANT GROUND IMPROVEMENTS**

The Wastewater Treatment Plant has undergone major improvements in the last four years. This proposed project will rehabilitate the existing roads, buildings, and the grounds. Estimated cost of this project is \$1,000,000.

### **SEWER PLANT SLUDGE TREATMENT IMPROVEMENTS**

This project will provide for additional infrastructure to improve the sludge treatment process at the Wastewater Treatment Plant. The project will construct a new sludge thickener and two anaerobic sludge digesters. The anaerobic digesters will operate in series with the existing aerobic digesters, and the methane gas produced may be harvested for additional revenue. Estimated cost of this project is \$5,900,000.

### **SEWER PLANT UNDERGROUND PIPING REHABILITATION**

The City of Beaumont's trickling filter Wastewater Treatment Plant was built in the early 1950's to process approximately 46 million gallons a day of domestic wastewater. Since the construction of the plant, several modifications were completed to maintain its integrity and treatment capabilities. The ongoing improvements will be completed in 2013. This project will replace deteriorated underground piping that requires constant maintenance. Estimated cost of this project is \$1,200,000.

### **SEWER PLANT SLUDGE THICKENER REHABILITATION**

The mechanical equipment in the existing two sludge thickeners at the Wastewater Treatment Plant has deteriorated and must be replaced. This project will replace the existing mechanical equipment inside the two sludge thickeners, including the sludge rake arms, surface skimmers, scum baffle, center pier, bridge, and drive motor/mechanism. The existing weirs will be reset with new gaskets. Estimated cost of this project is \$650,000.

### **SEWER REHABILITATION SMALL MAINS (PIPE BURSTING)**

The City of Beaumont owns, operates and maintains 760 miles of sanitary sewer lines that range in size from 4 to 72 inches. Some of these lines were built in the early 1950's and have exceeded their life expectancy. This project will rehabilitate 60,000 linear feet of sanitary sewer pipe per year for a five year period. Estimated cost is \$3,000,000 per year.

### **TYRRELL PARK LIFT STATION REHABILITATION**

This project will rehabilitate the Tyrrell Park Lift Station located Tyrrell Park Road at Hwy 124. The project will provide for the construction of a new control building including the installation of all new electrical equipment and site fencing. The estimated cost of this project is \$750,000.

### **WALL AND AVENUE C LIFT STATION**

This project will provide for the construction of a new control building at the Wall and Avenue C lift station, and installation of all new electrical equipment, new submersible sewage pumps, and modification to the existing wet well structure. The existing control equipment, located inside the existing dry pit, will be removed and salvaged. Estimated project cost is \$1,400,000.

### **WATER LINE AND FIRE HYDRANT INSTALLATION / REPLACEMENT**

The City of Beaumont owns and operates 760 miles of water lines. Sixty percent of the water lines have shown signs of deterioration. This pro-active project will replace deteriorated water lines prior to failure to ensure uninterrupted service and adequate fire protection to the customers. The estimated cost of this project is \$1,500,000 per year.

### **WATER PLANT IMPROVEMENTS - PHASE II CONSTRUCTION**

Currently the sludge from the pulsators at the Water Treatment Plant is discharged into the sanitary sewer system and goes to the Wastewater Treatment Plant. By adding a sludge dewatering system, the plant would dewater its sludge reducing the load on the Wastewater Treatment Plant. Typical sludge dewatering facilities include centrifuges, conveyors, and truck loading areas. In addition, high service and raw water pumps will be added to increase the plant's pumping capacity from 40 to 50 MGD. In addition, the project will include remodeling the Water Treatment Plant building. The estimated cost of this project is \$7,500,000.

### **WIESS BLUFF PUMPING STATION**

This project will provide for the construction of a 50 MGD raw water pumping station at the raw water intake on the Neches River at Wiess Bluff to replace the existing deteriorated pump station. This improvement will provide a secondary raw water supply during drought conditions and low water levels in the Neches River. Estimated cost of this project is \$3,000,000.

### **WIESS CANAL STABILIZATION**

This project will provide for the clearing and stabilization of the existing 8 miles of the Wiess Canal levees. The canal transports raw water from the Wiess Bluff pump station to Bunns Canal and is deteriorated. Estimated cost of this project is \$3,500,000.

## ***WATER/SEWER for STREET PROJECTS***

### **AVENUE A - WASHINGTON TO US 69 S**

This project will rehabilitate approximately 3,610 linear feet of sanitary sewer lines and replace 8,955 linear feet of water lines with all related appurtenances. Estimated cost of this project is \$780,000.

### **BABE ZAHARIAS DRIVE**

This project will rehabilitate approximately 835 linear feet of sanitary sewer lines and all related appurtenances. Estimated cost of this project is \$50,000.

### **BROADWAY – 11<sup>TH</sup> STREET TO MLK**

This project will rehabilitate approximately 5,600 linear feet of sanitary sewer lines and replace 6,400 linear feet of water lines with all related appurtenances. Estimated cost of this project is \$925,000.

### **COLLEGE STREET - IH-10 TO GOLIAD**

This project will rehabilitate approximately 4,400 linear feet of sanitary sewer lines and replace 8,700 linear feet of water lines with all related appurtenances. Estimated cost of this project is \$1,008,000.

### **CONCORD ROAD - PHASE IV - EAST LUCAS TO HWY. 105**

This project will rehabilitate approximately 10,000 linear feet of sanitary sewer lines and replace 9,500 linear feet of water lines with all related appurtenances. Estimated cost of this project is \$1,368,000.

### **DOWLEN - COLLEGE TO WALDEN**

This project will replace approximately 650 linear feet of water lines with all related appurtenances. The existing lines have deteriorated and require constant maintenance. In addition, this project will extend 12,000 linear feet of water and 12,000 linear feet of sanitary sewer lines to serve the proposed developments. Estimated cost of this project is \$1,872,000.

### **DOWLEN - DELAWARE TO GLADYS**

This project will rehabilitate approximately 3,900 linear feet of sanitary sewer lines and replace 5,900 linear feet of water lines with all related appurtenances. Estimated cost of this project is \$756,000.

### **DOWLEN - US 69 N TO DELAWARE**

This project will rehabilitate approximately 7,000 linear feet of sanitary sewer lines and replace 11,000 linear feet of water lines with all related appurtenances. Estimated cost of this project is \$1,092,000.

#### **EAST LUCAS - US 69 N TO PINE**

This project will rehabilitate approximately 9,030 linear feet of sanitary sewer lines and replace 21,573 linear feet of water lines with all related appurtenances. Estimated cost of this project is \$2,304,000.

#### **ELEVENTH STREET - WASHINGTON TO US 69 N**

This project will rehabilitate approximately 3,300 linear feet of sanitary sewer lines and replace 6,000 linear feet of water lines with all related appurtenances. Estimated cost of this project is \$528,000.

#### **FOLSOM EXTENSION**

This project will install approximately 800 linear feet of 24 inch sanitary sewer lines and 800 linear feet of 16 inch water lines with all related appurtenances. Estimated cost of this project is \$220,000.

#### **GLADYS STREET - IH-10 TO DOWLEN**

This project will rehabilitate approximately 3,800 linear feet of sanitary sewer lines and replace 14,500 linear feet of water lines with all related appurtenances. Estimated cost of this project is \$1,536,000.

#### **GULF STREET - LIVE OAK TO DELAWARE**

This project will rehabilitate approximately 756 linear feet of sanitary sewer lines and replace 6,131 linear feet of water lines with all related appurtenances. Estimated cost of this project is \$624,000.

#### **IRVING STREET - BUFORD TO WASHINGTON**

This project will rehabilitate approximately 4,100 linear feet of sanitary sewer lines and replace 6,000 linear feet of water lines with all related appurtenances. Estimated cost of this project is \$539,000.

#### **LAUREL - IH-10 TO OFFICE PARK**

This project will rehabilitate approximately 2,500 linear feet of sanitary sewer lines and replace 3,800 linear feet of water lines with all related appurtenances. Estimated cost of this project is \$588,000.

#### **NORTH MAIN STREET - CALDER TO RAILROAD TRACKS**

This project will rehabilitate approximately 550 linear feet of sanitary sewer lines and replace 2,000 linear feet of water lines with all related appurtenances. Estimated cost of this project is \$204,000.

#### **NORTH STREET - ML KING TO TWENTY-THIRD**

This project will rehabilitate approximately 4,800 linear feet of sanitary sewer lines and replace 13,630 linear feet of water lines with all related appurtenances. Estimated cost of this project is \$1,208,000.

### **NORTHWEST PARKWAY**

This project will install approximately 5,600 linear feet of 15 and 24 inch sanitary sewer lines and 7,000 linear feet of 12 and 16 inch water lines with all related appurtenances. Estimated cost of this project is \$1,500,000.

### **OLD DOWLEN - DOWLEN TO HWY. 105**

This project will rehabilitate approximately 6,000 linear feet of sanitary sewer lines and replace 13,050 linear feet of water lines with all related appurtenances. Estimated cost of this project is \$636,000.

### **PHELAN BOULEVARD - IH-10 TO DOWLEN**

This project will rehabilitate approximately 2,500 linear feet of sanitary sewer lines and replace 5,200 linear feet of water lines with all related appurtenances. Estimated cost of this project is \$708,000.

### **PINE STREET - IH-10 TO CROCKETT**

This project will rehabilitate approximately 7,000 linear feet of sanitary sewer lines and replace 11,000 linear feet of water lines with all related appurtenances. Estimated cost of this project is \$528,000.

### **POINTE PARKWAY NORTH**

The project will install approximately 3050 linear fee of 10, 15, 24 inch sanitary sewer lines and 3,350 linear fee of 6 and 8 inch water lines with all related appurtenances. Estimated cost of this project is \$500,000.

### **SABINE PASS - EMMETT TO ML KING**

This project will rehabilitate approximately 4,331 linear feet of sanitary sewer lines and replace 5,725 linear feet of water lines with all related appurtenances. Estimated cost of this project is \$1,020,000.

### **SOUTH PARK WATER AND SEWER IMPROVEMENTS**

This project will rehabilitate approximately 5,300 linear feet of sanitary sewer lines and replace 3,500 linear feet of water lines with all related appurtenances. This project will follow along the route of and performed in conjunction with the South Park Drainage Project. Estimated cost of this project is \$1,550,000.

### **WASHINGTON - IH-10 TO ML KING**

This project will rehabilitate approximately 7,800 linear feet of sanitary sewer lines and replace 27,000 linear feet of water lines with all related appurtenances. Estimated cost of this project is \$3,260,000.

### **WASHINGTON - LANGHAM TO MAJOR**

This project will rehabilitate approximately 7,600 linear feet of sanitary sewer lines and replace 8,200 linear feet of water lines with all related appurtenances. Estimated cost of this project is \$2,076,000.

## Outstanding Debt

Relative to the assessed value of property within the Beaumont city limits, the outstanding general obligation debt has ranged between a high of 3.39% at 10/01/2013 and a low of 1.77% at 10/01/2006. During the years of 2005 through 2009, the increasing assessed valuation of property was attributable to both the addition of new property on the tax roll and increasing values of existing properties. The assessed values decreased in 2006 due to property damage caused by Hurricane Rita in September 2005. In 2007, the value increased to more than Pre-Rita levels because of the repairs and renovations made by homeowners in the months following the hurricane. In 2009, as a result of the slowing economy, a minimal increase was seen in the assessed value over 2008. This increase was mostly due to new property on the tax roll. The debt level has fluctuated between \$86M at 10/01/06 and \$231,093,050 at 10/01/13 over the past 10 year period. The average ratio is 2.38%. The following table illustrates this discussion.

	<u>Outstanding Debt (1)</u>	<u>Assessed Value</u>	<u>Debt Ratio</u>
10/01/05	\$ 94,580,000	\$ 4,913,341,853	1.92%
10/01/06	86,410,000	4,890,473,995	1.77%
10/01/07	108,389,250	5,587,189,473	1.94%
10/01/08	130,669,450	6,332,199,832	2.06%
10/01/09	123,139,250	6,556,908,133	1.88%
10/01/10	145,775,100	6,808,190,820	2.12%
10/01/11	176,840,050	6,753,396,435	2.62%
10/01/12	194,680,500	6,785,451,898	2.86%
10/01/13	231,093,050	6,824,647,428	3.39%
10/01/14	225,874,150	6,891,134,490	3.28%

<sup>1</sup> Outstanding debt shown net of self-supporting HUD Section 108 loan.

As a percentage of total general government expenditures (General Fund and Debt Service), annual tax supported debt service payments have ranged from an estimated 11.79% to 13.76% during the period FY 2011 through FY 2015.

<u>Fiscal Year</u>	<u>General Government Expenditures</u>	<u>Debt Service Payments</u>	<u>Debt Service as a Percent of General Government Expenditures</u>
2011	\$ 106,733,307	\$ 13,223,675	12.39%
2012	108,791,506	12,822,312	11.79%
2013	112,756,309	13,999,044	12.42%
2014	114,418,452	15,742,308	13.76%
2015 (est)	114,815,000	15,638,831	13.50%

## GLOSSARY OF TERMS

**ACCOUNTING SYSTEM:** Records and procedures which are used to record, classify and report information on the financial status and operations of an entity and maintain accountability for the related assets and liabilities.

**ACCRUAL BASIS:** A basis of accounting in which transactions are recognized at the time they are incurred, as opposed to when cash is received or spent.

**APPROPRIATION:** An authorization made by the City Council which permits officials to incur obligations against and to make expenditures of governmental resources. Appropriations are usually made for fixed amounts and are typically granted for a one year period.

**APPROPRIATION ORDINANCE:** The official enactment by the City Council establishing the legal authority for City officials to obligate and expend resources.

**ASSESSED VALUATION:** The estimated value placed upon real and personal property by the chief appraiser of the appraisal district as the basis for levying property taxes.

**ASSETS:** Property owned by the City for which a monetary value has been established.

**BASE BUDGET:** Ongoing expense for personnel, contractual services and the replacement of supplies and equipment required to maintain service levels previously authorized by the City Council.

**BASIS OF ACCOUNTING:** Refers to when revenues, expenses, expenditures and transfers are recognized and reported. The budgetary basis of accounting for all the funds is modified accrual. For GAAP purposes, the basis of accounting is accrual for all Enterprise Funds and Internal Service Funds, while the modified accrual basis is used for the General Fund and Special Revenue Funds.

**BOND:** A certificate of debt issued by an entity, guaranteeing payment of the original investment, plus interest, by a specified future date. Bonds are typically used for long-term debt to pay for specific capital expenditures.

**BUDGET:** An annual plan of financial operation embodying an estimate of proposed expenditures and the estimated means of financing them. The approved budget is authorized by ordinance and thus specifies the legal spending limits for the fiscal year.

**BUDGET DOCUMENT:** The instrument used by the budget-making authority to present a comprehensive financial program to the City Council.

**BUDGETARY BASIS:** The basis of accounting used to estimate financing sources and uses in the budget.

**CAFR:** Comprehensive Annual Financial Report.

**CAPITAL PROGRAM BUDGET:** A separate budget adopted independently from the operating budget used as a plan of proposed capital expenditures and the means of financing them.

**CAPITAL PROGRAM:** A five-year financial plan for construction or acquisition of physical assets such as buildings, streets, sewers and recreational facilities.

**CAPITAL OUTLAY:** Expenditures for the acquisition of fixed assets which by definition have a useful life of more than one year and a purchase cost of at least \$5,000. Included in this category is the cost of land, buildings, permanent improvements, machinery, large tools, rolling and stationary equipment.

**CAPITAL PROJECTS:** Activities which purchase, construct or extend the useful life of capital assets. Typically, a capital project encompasses a purchase of land and/or the construction of a building or facility, as well as the equipment necessary to make the facility operational.

**CDBG:** Community Development Block Grant.

**CONTINGENCY:** A budgetary reserve set aside for emergencies or unforeseen expenditures.

**DEBT SERVICE FUND:** A fund established to account for the payment of principal and interest on all general long-term debt other than debt issued for and serviced by a governmental enterprise.

**DEPARTMENT:** A major administrative segment responsible for the management of operating divisions which provide services within a functional area.

**DEPRECIATION:** The portion of a capital asset that is charged as an expense during a particular accounting period. Depreciation is not a budgeted expenditure.

**DIVISION:** A basic organizational unit that provides service under the administrative direction of a department.

**ENCUMBRANCE:** The commitment of appropriated funds for future expenditures.

**ENTERPRISE FUNDS:** Funds used to account for the acquisition, operation and maintenance of governmental facilities and services which are entirely or predominantly self-supported by user charges. The funds are operated in a manner similar to comparable private enterprises. A brief description of each enterprise fund follows:

**WATER UTILITIES FUND** - To account for the provision of water and sewer services to residents and commercial enterprises in the City and proximate area.

**SOLID WASTE MANAGEMENT FUND** - To account for city-wide collection and disposal of trash and brush and the operation of the Municipal Landfill.

**EXPENDITURE:** Funds spent in accordance with budgeted appropriations on assets or goods and services obtained.

**FISCAL YEAR:** The twelve month period beginning October 1st and ending the following September 30th.

**FUND:** A set of interrelated accounts which record revenues and expenditures associated with a specific purpose or activity.

**FUND BALANCE:** The excess of the assets of a fund over its liabilities, reserves and carryover.

**GENERAL FUND:** The fund established to account for those resources devoted to financing the general administration of the City and traditional services provided to citizens. Service activities include fire and police protection, library facilities, health care, street, drainage and park maintenance, and recreational opportunities.

**GENERAL OBLIGATION BONDS:** Bonds that finance a variety of public projects such as streets, buildings and improvements. The repayment of these bonds is usually made from secondary property taxes.

**GENERALLY ACCEPTED ACCOUNTING PRINCIPLES (GAAP):** Uniform minimum standards and guidelines for financial accounting and reporting. They govern the form and content of the financial statements of an entity. GAAP encompass the conventions, rules and procedures necessary to define accepted accounting practice at a particular time. The primary authoritative body on the application of GAAP to state and local governments is the Governmental Accounting Standards Board.

**GOVERNMENTAL FUND TYPES:** Funds used to account for the acquisition, use and balances of expendable financial resources and the related current liabilities, except those accounted for in proprietary funds and fiduciary funds. Under current GAAP, there are four governmental fund types: general, special revenue, debt service and capital projects.

**INTERGOVERNMENTAL REVENUE:** Contributions received from the State and Federal Government in the form of grants and shared revenues.

**INTERNAL SERVICE FUNDS:** Internal Service Funds are used to account for the financing of goods or services provided by one department of the City to other departments on a cost-reimbursement basis.

**LONG-TERM DEBT:** Debt with a maturity of more than one year after the date of issuance.

**MODIFIED ACCRUAL BASIS:** A basis of accounting adapted to the governmental fund-type measurement focus where revenues and other financial resources are recognized when they become measurable and available to finance expenditures of the current period. Expenditures are recognized when the fund liability is incurred.

**OPERATING BUDGET:** A plan of financial operation embodying estimated annual expenditures and the proposed means of funding them. The plan is for a single fiscal year and is authorized by ordinance.

**OPERATING EXPENSES:** Operational expenses related to cost of goods, maintenance agreements, professional or technical services and other outside organizations required for a department to function.

**PERSONNEL COSTS:** Costs related to compensating employees, including salaries, wages, insurance, payroll taxes and retirement contributions.

**PROPRIETARY FUNDS:** Enterprise funds which are used to report business-type activities, specifically water and solid waste operations; and Internal Service funds which accumulate and allocate costs internally among various city functions.

**RESERVE FOR ENCUMBRANCES:** An account used to set aside a portion of fund balance for obligations from the previous fiscal year.

**RESOLUTION:** A special or temporary order of a legislative body requiring less legal formality than an ordinance or statute.

**RESOURCES:** Total dollars available for appropriation including estimated revenues, fund transfers and beginning fund balances.

**REVENUE:** Generally refers to income received by the City from taxes, fees, grants, interest on investments and other related sources.

**SPECIAL REVENUE FUNDS:** Funds which account for revenues from specific taxes or other revenue sources which by law, or other agreement such as a Trust, are designated to finance particular functions or activities of government and which, therefore, cannot be diverted to other uses.

**TAX LEVY:** The total amount to be raised by general property taxes for operating and debt service purposes.

**TAX RATE:** The amount of tax levied for each \$100 of assessed valuation.

**TRANSFERS IN/OUT:** Amounts transferred from one fund to another to assist in financing the services of the recipient fund.

**TRANSMITTAL LETTER:** A general discussion of the proposed budget presented in writing as a part of the budget document. The transmittal letter explains the principal budget issues and presents the recommendations made by the City Manager.

**UNRESERVED FUND BALANCE:** The portion of a fund's balance that is not restricted for a specific purpose and is available for general appropriation.

ORDINANCE NO. 15-027

ENTITLED AN ORDINANCE AMENDING THE FISCAL BUDGET OF THE CITY OF BEAUMONT FOR THE FISCAL YEAR 2015 TO APPROPRIATE ADDITIONAL EXPENDITURES IN THE GENERAL FUND; TO APPROPRIATE ADDITIONAL EXPENDITURES AND REVENUES IN THE EMPLOYEE BENEFITS FUND AND DEBT SERVICE FUND; AND TO APPROPRIATE ADDITIONAL REVENUE TO THE HENRY HOMBERG GOLF COURSE FUND AND MUNICIPAL TRANSIT FUND; PROVIDING FOR SEVERABILITY; AND PROVIDING FOR REPEAL.

WHEREAS, the City Charter of the City of Beaumont requires the City Manager to strictly enforce the provisions of the budget and not authorize or approve any expenditure unless an appropriation has been made in the budget ordinance adopting the budget and there is an available unencumbered balance of the appropriation sufficient to pay the liability to be incurred; and,

WHEREAS, it is necessary to amend the FY 2015 budget to ensure that appropriations are sufficient to ensure that expenditures are authorized within the approved budget;

NOW, THEREFORE, BE IT ORDAINED

BY THE CITY OF BEAUMONT:

Section 1.

THAT the Fiscal Budget of the City of Beaumont for the period commencing October 1, 2014 through September 30, 2015, be and the same is hereby amended to appropriate additional expenditures in the General Fund as shown below:

General Fund	Original Budget	Proposed Appropriation	Amended Budget
Total Expenditures	\$ 115,835,300	\$ 2,020,000	\$ 117,855,300

Section 2.

THAT the Fiscal Budget of the City of Beaumont for the period commencing October 1, 2014 through September 30, 2015, be and the same is hereby amended to appropriate additional expenditures and revenues in the Employee Benefits Fund as shown below:

<b>Employee Benefits Fund</b>	<b>Original Budget</b>	<b>Proposed Appropriation</b>	<b>Amended Budget</b>
Total Expenditures	\$ 20,854,700	\$ 1,600,000	\$ 22,454,700
<b>Total Revenue</b>	<b>\$ 20,231,300</b>	<b>\$ 1,170,000</b>	<b>\$ 21,401,300</b>

Section 3.

THAT the Fiscal Budget of the City of Beaumont for the period commencing October 1, 2014 through September 30, 2015, be and the same is hereby amended to appropriate additional revenue in the Henry Homberg Golf Course Fund as shown below:

<b>Henry Homberg Golf Course Fund</b>	<b>Original Budget</b>	<b>Proposed Appropriation</b>	<b>Amended Budget</b>
Total Revenue	\$ 613,400	\$ 250,000	\$ 863,400

Section 4.

THAT the Fiscal Budget of the City of Beaumont for the period commencing October 1, 2014 through September 30, 2015, be and the same is hereby amended to appropriate additional revenue in the Municipal Transit Fund as shown below:

<b>Municipal Transit Fund</b>	<b>Original Budget</b>	<b>Proposed Appropriation</b>	<b>Amended Budget</b>
Total Revenue	\$ 7,413,600	\$ 600,000	\$ 8,013,600

Section 5.

THAT the Fiscal Budget of the City of Beaumont for the period commencing October 1, 2014 through September 30, 2015, be and the same is hereby amended to appropriate additional expenditures and revenues in the Debt Service Fund as shown below:

Debt Service Fund	Original Budget	Proposed Appropriation	Amended Budget
Total Expenditures	\$ 16,757,700	\$ 47,300,000	\$ 64,057,700
Total Revenue	\$ 16,287,400	\$ 47,264,200	\$ 63,551,600

Section 6.

That if any section, subsection, sentence, clause or phrase of this ordinance or the application of same to a particular set of persons or circumstances should for any reason be held to be invalid, such invalidity shall not affect the remaining portions of this ordinance and, to such end, the various portions and provisions of this ordinance are declared to be severable.

Section 7.

That all ordinances or parts of ordinances in conflict herewith are repealed to the extent of the conflict only.

PASSED BY THE CITY COUNCIL of the City of Beaumont this the 11th day of August, 2015.

*Becky Ames*  
\_\_\_\_\_  
Mayor Becky Ames -

ORDINANCE NO. 15-032

ENTITLED AN ORDINANCE REFERRED TO AS THE "ANNUAL APPROPRIATION ORDINANCE" ADOPTING A BUDGET FOR THE FISCAL PERIOD BEGINNING OCTOBER 1, 2015, AND ENDING SEPTEMBER 30, 2016, IN ACCORDANCE WITH THE CHARTER OF THE CITY OF BEAUMONT; APPORTIONING THE FUNDS OF THE CITY OF BEAUMONT; REPEALING ALL ORDINANCES OR PARTS OF ORDINANCES IN CONFLICT HEREWITH AND PROVIDING FOR SEVERABILITY.

WHEREAS, the City Manager of the City of Beaumont submitted to the City Council a budget estimate for the revenues of said City and expenses of conducting the affairs thereof for the fiscal year beginning October 1, 2015, and ending September 30, 2016; and,

WHEREAS, after notices and public hearings held in accordance with the requirements of the Charter of the City of Beaumont and the statutes of the State of Texas, the City Council is of the opinion that the budget, as attached hereto as Exhibit "A", should be adopted;

NOW, THEREFORE, BE IT ORDAINED BY THE  
CITY COUNCIL OF THE CITY OF BEAUMONT:

Section 1.

THAT the statements and findings set out in the preamble to this ordinance are hereby, in all things, approved and adopted.

Section 2.

That Exhibit "A" made a part hereof for all purposes is hereby adopted, ratified and approved as the operating budget document of the City of Beaumont. Exhibit "A" is hereby adopted and approved as the budget of all the correct expenses as well as the

fixed charges of the City for the fiscal period beginning the 1st day of October, 2015, and ending the 30th day of September, 2016, and the several amounts stated in Exhibit "A" as proposed expenditures shall be and become appropriated to the several objects and purposes therein named. Notices given, as required for the adoption of said budget, are hereby ratified.

Section 3.

- Mayor Becky Ames -

RESOLUTION NO. 15-189

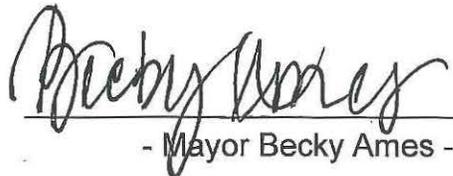

BE IT RESOLVED BY THE CITY COUNCIL

OF THE CITY OF BEAUMONT:

THAT the FY 2016 Capital Program is hereby adopted. The Capital Program is substantially in the form attached hereto as Exhibit "A." A public hearing was held August 25, 2015.

PASSED BY THE CITY COUNCIL of the City of Beaumont this the 15th day of September, 2015.

  
- Mayor Becky Ames -

ORDINANCE NO. 15-033

ENTITLED AN ORDINANCE ACCEPTING THE TAX ROLL FOR THE CITY OF BEAUMONT; ESTABLISHING A TAX RATE; PROVIDING FOR LEVYING, ASSESSING AND COLLECTING OF AD VALOREM TAXES FOR THE TAX YEAR 2015 (FY 2016); PROVIDING FOR SEVERABILITY AND PROVIDING FOR REPEAL.

WHEREAS, the Jefferson County Appraisal District has furnished to the City of Beaumont the re-certified tax roll for the City of Beaumont as of July 27, 2015 to be \$6,935,933,700; and,

WHEREAS, the City Council finds that the tax roll submitted by the Jefferson County Appraisal District should be accepted and that a tax rate in the amount of \$0.69 per each \$100 of value for the tax year 2015 (FY 2016) should be established based upon said roll; and,

**WHEREAS, THIS TAX RATE WILL RAISE MORE TAXES FOR MAINTENANCE AND OPERATIONS THAN LAST YEAR'S TAX RATE.**

NOW THEREFORE, BE IT ORDAINED BY THE  
CITY COUNCIL OF THE CITY OF BEAUMONT:

Section 1.

THAT the statements and findings set out in the preamble to this ordinance are hereby, in all things, approved and adopted.

Section 2.

That the tax roll submitted to the City Council by the Jefferson County Appraisal District, a summary of which is attached as Exhibit "A", and showing the total net

taxable assessed value of all property within the City to be \$6,935,933,700 is hereby approved and accepted by the City of Beaumont.

Section 3.

That there shall be and is hereby levied and shall be assessed and collected for the tax year 2015 (FY 2016), for municipal purposes only, an ad valorem tax rate of \$0.69 on each \$100 worth of property value located within the city limits of the City of Beaumont made taxable by law, which said taxes, when collected, shall be for the purposes hereinafter set forth as follows:

General Fund	\$0.48
Debt Service Fund	\$0.21

Section 4.

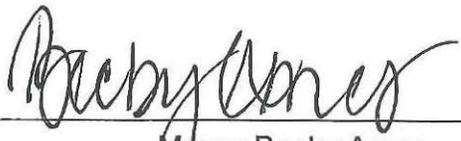

That if any section, subsection, sentence, clause or phrase of this ordinance, or the application of same to a particular set of persons or circumstances, should for any reason be held to be invalid, such invalidity shall not affect the remaining portions of this ordinance, and to such end the various portions and provisions of this ordinance are declared to be severable.

Section 5.

That all ordinances or parts of ordinances in conflict herewith are repealed to the extent of the conflict only.

PASSED BY THE CITY COUNCIL of the City of Beaumont this the 15th day of September, 2015.

  
- Mayor Becky Ames -

ORDINANCE NO. 15-034

ENTITLED AN ORDINANCE RATIFYING THE BUDGETED  
PROPERTY TAX INCREASE REFLECTED IN THE FY 2016  
BUDGET.

WHEREAS, the proposed FY 2016 budget will raise more total property taxes than last year's budget by \$299,000 or 0.65%; and,

WHEREAS, the adoption of a budget that will raise more revenue from property taxes than in the previous year requires a vote separate from and in addition to the vote to adopt the budget;

NOW THEREFORE, BE IT ORDAINED BY THE  
CITY COUNCIL OF THE CITY OF BEAUMONT:

Section 1.

THAT the statements and findings set out in the preamble to this ordinance are hereby, in all things, approved and adopted.

Section 2.

That the property tax increase reflected in the budget which will raise more total property taxes than last year's budget by \$299,000 be and the same is hereby, by separate vote, ratified.

PASSED BY THE CITY COUNCIL of the City of Beaumont this the 15th day of September, 2015.
