**A message from Mayor Becky Ames, April 10, 2020:**

Over this holiday weekend, I know staying home and social distancing will be hard. However; everyone please do so and we will get this behind us faster so we can go back to our normal lives and get back to work.

Quarantine/ Stay Home Parties are not smart. We all know the more the general public travels within the community the more contact that they have with other people and the more confirmed positive cases we will have.

Let's all do our part, continue to work together, help your neighbors in need and we will get through this very trying time together with many celebrations in our future.

**STAY HOME – STAY SAFE**

\* The accuracy of the Status of COVID-Test is dependent upon the availability of data received from participating agencies and healthcare providers as well as when it was received with respect to; Total Tested, Pending Results and Negative.
