A message from Mayor Becky Ames, July 27, 2020:

- **Measures to take to stay healthy: Stay home when possible; wear a face covering in public; stay 6 feet from people you do not live with; wash your hands often; if sick, get tested; clean and disinfect your surroundings; cover coughs and sneezes; don't touch your face.**
- **Recent changes to CDC guidelines no longer recommend 2 negative tests more than 24 hours apart for a person to be released from isolation/quarantine. CDC states that for most persons with COVID-19 illness, isolation and precautions can generally be discontinued 10 days after symptom onset and resolution of fever for at least 24 hours, without the use of fever-reducing medications, and with improvement of other symptoms. According to these guidelines the Beaumont Public Health Department will no longer require a person who has tested positive for COVID-19 to have 2 negative test results prior to being released from isolation/quarantine. Please contact the health department @ 409-654-3616 if you have any questions.**
- **Your plasma could be a key to the cure of Covid-19. If you have recovered from or have been in contact with anyone who had Covid-19, you can contact Telice Terro, Baptist Hospital Research RN @ 409-212-5979 or email CP@harborhcs.com to donate your plasma.**
- **We have updated our Covid-19 testing site information sheet (on next page) with information on the walk-up testing this week at Cristo Rey Church. Please see the next page for more details.**
- **Please see the next page for an updated Covid-19 testing site information sheet for testing facilities located in the City of Beaumont this month.**
