### Status of Confirmed Cases

### Confirmed Cases by Age Range

**Please see next page for further data and a message from Mayor Becky Ames.**

DISCLAIMER: \* The accuracy of the Status of COVID-Test is dependent upon the availability of data received from participating agencies and healthcare providers as well as when it was received with respect to; Total Tested, Pending Results and Negative. Recovered - release of individual from self-isolation/quarantine as defined by CDC guidelines.

# Daily Confirmed Cases by Date of Collection

**\*\*Disclaimer:** This is the official data collected by the City of Beaumont Public Health. The data being reflected on this graph is only valid as the number of participating healthcare providers and collection sites, and the accuracy of the data reported. All data used for planning purposes. There is a delay from the date of collection to when results are received by the Beaumont Public Health Department. Updates to the data are made daily by 4:00 PM.

## A message from Mayor Becky Ames, August 11, 2020:

- Earlier this afternoon I joined Governor Greg Abbott and Jefferson County Judge Jeff Branick at a press conference regarding Covid-19 related support. Governor Abbott spoke on the variety of resources that have been distributed to the Jefferson County area from the Texas Division of Emergency Management including over 1.1 million pieces of personal protective equipment(PPE). The distribution also included 153,200 pieces of PPE for independent school districts throughout Southeast Texas.
- The National Guard Mobile Testing Team is conducting community Covid-19 testing all week at the Central High School Girls Gym. Please see the next page for more details.
- Persons who test positive for Covid-19 are encouraged to purchase a pulse oximeter to monitor their oxygen saturation. For a reading of 93, persons are encouraged to notify their physician. If the oxygen level drops below 92, persons are encouraged to seek medical attention immediately. Pulse oximeters are available for about \$25.00 on Amazon.com.
- We are working towards organizing additional community Covid-19 Testing for the month of August. Please also refer to the list of private facilities that offer Covid-19 testing in Beaumont on the next page of this report.
- Your plasma could be a key to the cure of Covid-19. If you have recovered from or have been in contact with anyone who had Covid-19, you can contact Telice Terro, Baptist Hospital Research RN @ 409-212-5979 or email [CP@harborhcs.com](mailto:CP@harborhcs.com) to donate your plasma.

## Covid-19 Testing Sites in Beaumont

**Testing below is being conducted by the National Guard Mobile Testing Team (MTT) the month of August. Testing will be from 8:30am to 4pm or until they complete the number of tests the lab can support that day. No registration required:**
