CONTACT: Mike Harris
Director of Water and Sewer Operations
409-785-3003

The City of Beaumont Water Utilities Department is currently working on a water main break at the intersection of Milam St. and Pearl St. The water break has been isolated, but has disrupted water service to the Jefferson County Courthouse. Crews are at the location making the necessary repairs. The Water Utilities Department is working to have the water back on at the Courthouse later this afternoon once repairs have been completed.
