Recovered - release of individual from self-isolation/quarantine as defined by CDC guidelines.

**A message from Mayor Becky Ames, February 23, 2021:**

**COVID-19 vaccines will be administered by appointment only. Do not show up at any vaccination site until you have received a confirmed appointment time from the Public Health Department. No one will be served without an appointment. Anyone who previously left their name on the waitlist needs to complete their registration on the website provided. If you were placed on the wait list through 311, you must complete the online registration to confirm your interest. 311 is no longer taking names and phone numbers. Although currently vaccinations are for Phase 1A and 1B eligible populations, you may register at this time for future. Vaccine Registration is now available online at [vaccine.beaumonttexas.gov](https://vaccine.beaumonttexas.gov). If you are unable to access the website, call centers have been established at 409-550-2536 for further assistance. This covers citizens in Hardin, Jefferson, Jasper, Newton, and Orange counties. Call center assistance will be available Monday through Friday, 8am to 5pm.**

**Please see the attached flyer regarding a new COVID-19 testing kiosk located at Lamar University. The testing kiosk is available at no charge but you will need to make an appointment using this link: <https://curative.com/sites/22753#9/30.0373/-94.0687>**

Parking Lot of the Montagne Center  
Opening on Tuesday, January 19 at 8am**

A COVID-19 testing site  
at **NO** cost to patients.

CURATIVE kiosks open to the community  
Monday-Friday 8a-5p

Curative oral swab testing has a 90% accuracy rate, meaning the test will correctly return a positive result for 90% of people who have the disease and will return a negative result — a false-negative — for 10% of the people who have the disease and should have tested positive. By way of comparison, the nasal swab test is typically 80% accurate.
