

# Kenneth R. Williams

Kenneth Williams is the semi-retired City Manager for the City of Buda, Texas having served approximately 18 years total in city management. Kenneth is an ICMA-Credentialed Manager serving as President of the Texas City Management Association (TCMA) in 2019/2020 and currently serves as an elected board member by his peers to the International City Managers Association Executive Board (ICMA).

Kenneth's philosophy of city management is to provide professional acumen, practical skills and a servant's heart in providing support and leadership with City Council, Staff, and the Community in shaping the best cities to live in the country. With that being done in an environment of trust, integrity and high personal standards.

Mr. Williams worked as Emergency Management Coordinator in Lufkin for nine years having worked through several hurricanes and the Space Shuttle Columbia disaster. In being multi-talented he executed and brought communities together on high profile economic/community development, bond propositions, and infrastructure projects.

Kenneth is active in church having served as Church Business Administrator among other positions. He has been married to his wife Cynthia for 42 years and have three adult children, Kenneth II, Shayla, and Sharee. He enjoys sports, travel, serving on community boards and writing in his spare time.
